Tenant shall pay Landlord, at the office of the Comptroller, as rental for such use and occupancy, the sum of seventy-five and no/100 dollars ($75.00) per month, payable in advance on the first day of

each month during the term of this agreement.

Tenant shall further pay Landlord, at the office of the Comptroller, as rental for such use and occupancy for each month, the sum of two hundred fifty and no/100 dollars ($250.00) per month, payable in advance on the first day of such month during the term of this agreement. Payment due in landing fees for operation at Merrill C. Since Chicago-O'Hare International Airport landing fee is subject to change every calendar half-year, Commissioner shall advise Tenant of the specific fee to be in effect at Chicago-O'Hare International Airport for each such period, at least fifteen (15) days in advance of such period. It is understood and agreed that Tenant shall not, without prior approval of Landlord, operate a scheduled air transportation business from either Chicago-O'Hare International Airport or Chicago Midway Airport. It is further understood that it is not the intent of Landlord to make available any area at Merrill C. Meigs Field to any agency for installation of electronic navigational facilities intended for use in routine Instrument Flight Rule (IFR) operations, it being the primary function of said airport to provide only for Visual Flight Rule (VFR) operations.

In Witness Whereof, the parties hereto have caused this instrument to be executed under their respective seals on the day and year first above written.

9. It is understood and agreed that each contract awarded for construction work under this project is subject to the provisions of the Work Hours Act of 1962, Public Law 87-581. It is further understood and agreed that each such contract will contain stipulations requiring the contractor or subcontractor to pay wages to all laborers and mechanics employed on the work in conformance with the provisions of the Act and that the Sponsor may withhold or cause to be withheld from the contractor or subcontractor so much of the accrued payments as may be considered necessary to pay laborers and mechanics employed by any such contractor or subcontractor on the work the full amount of wages required by the contract and such sums as may administratively be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for liquidated damages as provided by the Act. It is also understood and agreed that, in the event of failure of any contractor or subcontractor to pay any laborer or mechanic employed or working on the site of the work all or part of the wages required by the contract, the FAA may, after written notice to the Sponsor, withhold from the Sponsor so much of the accrued payments or advances representing unpaid wages and liquidating damages.

10. The Sponsor hereby convenants and agrees that its financial records of the project, established, maintained and made available to personnel of the FAA in conformity to Section 151.55 of the Regulations of the Federal Aviation Administration (14 CFR 151) will also be available to representatives of the Comptroller General of the United States.

12. By its acceptance hereof, the Sponsor hereby covenants that to the extent it has or may have either present or future control over each area identified on the Exhibit "A" as "clear zone", and unless exceptions to or deviations from the following obligations have been granted to the Sponsor in writing by the FAA, it will clear said area or areas of any existing structure or any natural growth which constitutes an obstruction to air navigation within the standards established by Section 77.23 as applied to Section 77.27, Part 77 of the Federal Aviation Regulations; and the Sponsor further covenants that it will control the subsequent erection of structures and control natural growth to the extent necessary to prevent the creation of obstructions within said standards.

13. The Sponsor hereby further covenants that it will not permit any permanent-type structures, other than structures required for aids to air navigation and such other structures as may be specifically excepted in writing by the FAA, to be erected on, and that it will cause any existing structures to be removed from, each area identified on the Exhibit "A" as "clear zone" or any portions thereof, concerning which the Sponsor has acquired a fee interest with Federal financial assistance, irrespective of whether such structures constitute an obstruction to air navigation. The Sponsor hereby further covenants that, to the extent the land concerned is presently or hereafter owned or controlled by the Authority, it will not cause or permit any structure or object of natural growth to extend above the plane of the light path within the area comprising the site of any Approach Light System serving the aforesaid airport (an ALS site being an area extending 3200 feet outward from the approach end of the runway served and 400 feet in width located symmetrically about the projected runway centerline).

14. It is hereby understood and agreed by and between the parties hereto that Paragraph 7 of Part III - Sponsor's Assurances of the aforesaid Project Application shall be considered to be amended by deletion of the words "Section A of FAA Technical Standard Order No. N18 or Advisory Circular (AC) No. 150/5300.1, whichever is applicable according to the currently approved Airport Layout Plan", and by substitution therefor of the following: "Section 77.23 as applied to Section 77.27, Part 77 of the Federal Aviation Regulations."

15. Notwithstanding the provision of Paragraph 3, Part III, of the Project Application, the Sponsor covenants and agrees that it will not grant or permit any exclusive right forbidden by Section 308 (a) of the Federal Aviation Act of 1958 (49 U.S.C. 1349) at the airport, or at any other airport now or hereafter owned or controlled by it. In furtherance of the policy of the FAA under this covenant, the Sponsor agrees that, unless authorized by the Administrator, it will not, either directly or indirectly, grant or permit any person, firm, or corporation the exclusive right at the airport or at any other airport now or hereafter owned or controlled by it, to conduct any aeronautical activities, including, but not limited to, charter flights, pilot training, aircraft rental and sightseeing, aerial photography, crop dusting, aerial advertising and surveying, air carrier operations, aircraft sales and services, sale of aviation petroleum products whether or not conducted in conjunction with other aeronautical activity, repair and maintenance of aircraft, sale of aircraft parts, and any other activities which because of their relationship to the operation of aircraft can be regarded as an aeronautical activity. The Sponsor further agrees that it will terminate any such exclusive right (including any exclusive right to engage in the sale of gasoline or oil, or both) now existing at the airport, or at any other airport now or hereafter owned or controlled by it, at the earliest renewal, cancellation, or expiration date applicable to the agreement that established the exclusive right, and certifies that there is no exclusive right not subject to termination under this provision.

16. It is understood and agreed that the terms "Administrator of the Federal Aviation Agency", "Administrator", "Federal Aviation Agency" or FAA wherever they appear in this Agreement, in the aforesaid Project Application, plans and specifications or other documents constituting a part of this Agreement shall be deemed to mean the Federal Aviation Administrator or the Federal Aviation Administration, as the case may be.

17. It is understood and agreed by and between the parties hereto that the United States shall not make, nor shall it be obligated to make, any grant payment hereunder until an Agreement of Limited Agency relating to this project has been entered into by and between the Sponsor, the City of Chicago, as Principal and the State of Illinois, Department of Aeronautics as Agent and such Agreement has been determined by the FAA to be consonant with the applicable statutes of the State of Illinois.

18. It is understood and agreed by and between the parties hereto that any reference herein or in the aforesaid Project Application, dated August 21, 1968, to plans and specifications shall mean the plans and specifications for the taxiway serving 14L that were approved on August 15, 1968, and the plans and specifications for the taxiway serving 9R/27L which were approved subject to the engineering review dated September 4, 1968, by the State Airport Engineer, Illinois, Chicago Area, Central Region, Federal Aviation Administration.

19. **Pursuant to Paragraph 9, Part III of the Project Application dated August 21, 1968, the sponsor hereby covenants and agrees to furnish the Federal Government without cost, within four (4) months after written request therefor, such estates or interests in such lands or rights in buildings as are deemed necessary by FAA for the construction and operation on the airport of the structures or facilities set forth below, provided the respective areas of land and/or buildings deemed adequate by FAA for such purposes are available without the necessity for removing or relocating other facilities and are within the geographic boundaries of the airport at the time request therefor is made by the FAA; together with rights of ready access in and to such areas or buildings for construction, occupancy and use and the right to connect to existing utilities and to be furnished the utility services required to the extent of available capacity at no more than prevailing rates. The facilities or structures involved and the maximum area of land, or rights in buildings, the sponsor is obligated to furnish for each are as follows:**

3. Instrument landing system and approach lighting system for runway 9L - one plot approximately 400' x 3200' and two plots 50' by 50' each.

It is further understood and agreed that nothing contained herein shall in any way affect the rights of the United States or obligations of the sponsor under prior Grant Agreements to furnish rent-free space for the activities specified in such prior Agreements nor shall anything contained herein be construed as obligating the Federal Government to construct, occupy or operate a control tower or flight service station at the airport.

20. It is understood and agreed by and between the parties hereto that the United States shall not make, nor shall it be obligated to make, final grant payment until the Sponsor has submitted for review by the FAA a currently-revised and approvable Airport Layout Plan.

21. It is understood and agreed by and between the parties hereto that notwithstanding the fact that the Project Application includes therein the construction, lighting and marking of an east-west taxiway from Runway 4L to the parallel taxiway for Runway 14R-32L and other items of work as may later be determined to be ineligible by the FAA, said work shall not be a part of this project and, if or to the extent accomplished by the Sponsor, such accomplishment shall be without any participation in the costs thereof by the United States under this project; it is further understood and agreed that, in the event the work which is excluded from the project is accomplished by the Sponsor, the Sponsor shall maintain as a portion of the cost records covering this project, separable cost records pertaining to the above-identified work excluded from Federal participation under this project, which records shall be made available for inspection and audit by the FAA to the end that the cost of the excluded work may be definitely determined.

The Sponsor's acceptance of this Offer and ratification and adoption of the Project Application incorporated herein shall be evidenced by execution of this instrument by the Sponsor, as hereinafter provided, and said Offer and Acceptance shall comprise a Grant Agreement, as provided by the Federal Airport Act, constituting the obligations and rights of the United States and the Sponsor with respect to the accomplishment of the Project and the operation and maintenance of the Airport. Such Grant Agreement shall become effective upon the Sponsor's acceptance of this Offer and shall remain in full force and effect throughout the useful life of the facilities developed under the Project but in any event not to exceed twenty years from the date of said acceptance.

Part III–SPONSOR'S ASSURANCES

In order to furnish the assurances required by the Act and Regulations the Sponsor hereby covenants and agrees with the United States, as follows:

1. These covenants shall become effective upon acceptance by the Sponsor of an offer of Federal aid for the Project or any portion thereof, made by the FAA and shall constitute a part of the Grant Agreement thus formed. These covenants shall remain in full force and effect throughout the useful life of the facilities developed under this Project, but in any event not to exceed twenty (20) years from the date of said acceptance of an offer of Federal aid for the Project.

2. The Sponsor will operate the Airport as such for the use and benefit of the public. In furtherance of this covenant (but without limiting its general applicability and effect), the Sponsor specifically agrees that it will keep the Airport open to all types, kinds, and classes of aeronautical use without discrimination between such types, kinds, and classes: *Provided*, That the Sponsor may establish such fair, equal, and not unjustly discriminatory conditions to be met by all users of the Airport as may be necessary for the safe and efficient operation of the Airport; *And Provided Further*, That the Sponsor may prohibit or limit any given type, kind, or class of aeronautical use of the Airport if such action is necessary for the safe operation of the airport or necessary to serve the civil aviation needs of the public.

3. The Sponsor will not grant or permit any exclusive right for the use of the airport forbidden by Section 308 of the Federal Aviation Act of 1958, and will otherwise comply with all applicable laws. In furtherance of this covenant (but without limiting its general applicability and effect), the Sponsor specifically agrees that, unless authorized by the Administrator, it will not, either directly or indirectly, grant or permit any person, firm, or corporation the exclusive right for the conduct of any aeronautical activities on the Airport, including but not limited to, charter flights, pilot training, aircraft rental and sightseeing, aerial photography, crop dusting, aerial advertising and surveying, air carrier operations, aircraft sales and services, sale of aviation petroleum products whether or not conducted in conjunction with other aeronautical activity, repair and maintenance of aircraft, sale of aircraft parts, and any other activities which because of their direct relationship to the operation of aircraft can be regarded as an aeronautical activity: *Provided*, That the prohibition against the grant or permit of an exclusive right as set forth herein in no way alters the rights or obligations of the Sponsor under a surplus property instrument of transfer pursuant to which surplus property was conveyed to the Sponsor by the United States pursuant to the *Surplus Property Act of 1944, (61 Stat. 678), as amended.*

4. The Sponsor agrees that it will operate the Airport for the use and benefit of the public, on fair and reasonable terms, and without unjust discrimination. In furtherance of this covenant (but without limiting its general applicability and effect), the Sponsor specifically covenants and agrees:

a. That in its operation and the operation of all facilities on the airport, neither it nor any person or organization occupying space or facilities thereon will discriminate against any person or class of persons by reason of race, color, creed, or national origin in the use of any of the facilities provided for the public on the Airport.

b. That in any agreement, contract, lease, or other arrangement under which a right or privilege at the Airport is granted to any person, firm, or corporation to render to the public any service (including the furnishing or sale of any aeronautical parts, materials, or supplies) essential to the operation of aircraft at the Airport, the Sponsor will insert and enforce provisions requiring the contractor:

(1) to furnish said service on a fair, equal, and not unjustly discriminatory basis to all users thereof, and

(2) to charge fair, reasonable, and not unjustly discriminatory prices for each unit or service; *Provided*, That the contractor may be allowed to make reasonable and nondiscriminatory discounts, rebates, or other similar types of price reductions to volume purchasers.

c. That it will not exercise or grant any right or privilege which would operate to prevent any person, firm, or corporation operating aircraft on the Airport from performing any services on its own aircraft with its own employees (including, but not limited to maintenance and repair) that it may choose to perform.

d. In the event the Sponsor itself exercises any of the rights and privileges referred to in subsection b, the services involved will be provided on the same conditions as would apply to the furnishing of such services by contractors or concessionaires of the Sponsor under the provisions of such subsection b.

5. Nothing contained herein shall be construed to prohibit the granting or exercise of an exclusive right for the furnishing of nonaviation products and supplies or any service of a nonaeronautical nature or to obligate the Sponsor to furnish any particular nonaeronautical service at the Airport.

6. The Sponsor will operate and maintain in a safe and serviceable condition the Airport and all facilities thereon and connected therewith which are necessary to serve the aeronautical users of the Airport other than facilities owned or controlled by the United States, and will not permit any activity thereon which would interfere with its use for airport purposes: *Provided*, That nothing contained herein shall be construed to require that the Airport be operated for aeronautical uses during temporary periods when snow, flood, or other climatic conditions interfere with such operation and maintenance; *And Provided Further*, That nothing herein shall be construed as requiring the maintenance, repair, restoration or replacement of any structure or facility which is substantially damaged or destroyed due to an act of God or other condition or circumstance beyond the control of the Sponsor.

7. Insofar as it is within its power and reasonably possible, the Sponsor will, either by the acquisition and retention of easements or other interests in or rights for the use of land or airspace or by the adoption and enforcement of zoning regulations, prevent the construction, erection, alteration, or growth of any structure, tree, or other object in the approach areas of the runways of the Airport, which would constitute an obstruction to air navigation according to the criteria or standards prescribed in Section A of FAA Technical Standard Order No. N18, or Advisory Circular (AC) No. 150/5300-1, whichever is applicable according to the currently approved airport layout plan. In addition, the Sponsor will not erect or permit the erection of any permanent structure or facility which would interfere materially with the use, operation, or future development of the Airport, in any portion of a runway approach area in which the Sponsor has acquired, or may hereafter acquire, property interests permitting it to so control the use made of the surface of the land.

8. All facilities of the Airport developed with Federal aid and all those usable for the landing and taking off of aircraft, will be available to the United States at all times, without charge, for use by military and naval aircraft in common with other aircraft, except that if the use by military and naval aircraft is substantial, a reasonable share, proportional to such use, of the cost of operating and maintaining facilities so used, may be charged. Unless otherwise determined by the FAA, or otherwise agreed to by the Sponsor and the using agency, substantial use of an airport by military and naval aircraft will be considered to exist when operations of such aircraft are in excess of those which, in the opinion of the FAA, would unduly interfere with use of the landing area by other authorized aircraft, or during any calendar month that:

a. Five (5) or more military or naval aircraft are regularly based at the airport or on land adjacent thereto; or

b. The total number of movements (counting each landing as a movement and each takeoff as a movement) of military or naval aircraft is 300 or more, or the gross accumulative weight of military or naval aircraft using the Airport (the total movements of military or naval aircraft multiplied by gross certified weights of such aircraft) is in excess of five million pounds.

9. Whenever so requested by the FAA, the Sponsor will furnish without cost to the Federal Government, for construction, operation and maintenance of facilities for air traffic control activities, or weather reporting activities and communication activities related to air traffic control, such areas of land or water, or estate therein, or rights in buildings of the Sponsor as the FAA may consider necessary or desirable for construction at Federal expense of space or facilities for such purposes. The approximate amounts of areas and the nature of the property interests and/or rights so required will be set forth in the Grant Agreement relating to the Project. Such areas or any portion thereof will be made available as provided herein within 4 months after receipt of written request from the FAA.

10. The Sponsor will furnish the FAA with such annual or special airport financial and operational reports as may be reasonably requested. Such reports may be submitted on forms furnished by the FAA, or may be submitted in such manner as the Sponsor elects so long as the essential data are furnished. The Airport and all airport records and documents affecting the Airport, including deeds, leases, operation and use agreements, regulations, and other instruments, will be made available for inspection by any duly authorized representative of the FAA upon reasonable request. The Sponsor will furnish to the FAA, upon request, a true copy of any such document.

11. The Sponsor will not enter into any transaction which would operate to deprive it of any of the rights and powers necessary to perform any or all of the covenants made herein, unless by such transaction the obligation to perform all such covenants is assumed by another public agency found by the FAA to be eligible under the Act and Regulations to assume such obligations and having the power, authority, and financial resources to carry out all such obligations. If an arrangement is made for management or operation of the Airport by any agency or person other than the Sponsor or an employee of the Sponsor, the Sponsor will reserve sufficient rights and authority to insure that the Airport will be operated and maintained in accordance with the Act, the Regulations, and these covenants.

12. The Sponsor will keep up to date at all times an airport layout plan of the Airport showing (1) the boundaries of the Airport and all proposed additions thereto, together with the boundaries of all offsite areas owned or controlled by the Sponsor for airport purposes, and proposed additions thereto; (2) the location and nature of all existing and proposed airport facilities and structures (such as runways, taxiways, aprons, terminal buildings, hangars, and roads), including all proposed extensions and reductions of existing airport facilities; and (3) the location of all existing and proposed non-aviation areas and of all existing improvements thereon. Such airport layout plan, and each amendment, revision, or modification thereof, shall be subject to the approval of the FAA, which approval shall be evidenced by the signature of a duly authorized representative of the FAA on the face of the airport layout plan. The Sponsor will not make or permit the making of any changes or alterations in the Airport or any of its facilities other than in conformity with the airport layout plan as so approved by the FAA, if such changes or alterations might adversely affect the safety, utility, or efficiency of the Airport.

13. Insofar as is within its power and to the extent reasonable, the Sponsor will take action to restrict the use of land adjacent to or in the immediate vicinity of the Airport to activities and purposes compatible with normal airport operations including landing and takeoff of aircraft.

14. If at any time it is determined by the FAA that there is any outstanding right or claim of right in or to the Airport property, other than those set forth in Part II, paragraphs 7(a), 7(b), and 7(c), the existence of which creates an undue risk of interference with the operation of the Airport or the performance of the covenants of this Part, the Sponsor will acquire, extinguish, or modify such right or claim of right in a manner acceptable to the FAA.

15. Unless the context otherwise requires, all terms used in these covenants which are defined in the Act and the Regulations shall have the meanings assigned to them therein.

Part IV—PROJECT AGREEMENT

If the Project or any portion thereof is approved by the FAA, and an offer of Federal aid for such approved Project is accepted by the Sponsor, it is understood and agreed that all airport development included in such Project will be accomplished in accordance with the Act and the Regulations, the plans and specifications for such development, as approved by the FAA, and the Grant Agreement with respect to the Project.

IN WITNESS WHEREOF, the Sponsor has caused this Project Application to be duly executed in its name, this 21st day of August, 19 68

The Sponsor, in the operation and use of the airport listed below will not on the grounds of race, color, or national origin discriminate or permit discrimination against any person or group of persons in any manner prohibited by Part 15 of the Federal Aviation Regulations.

The Sponsor will also include, or require the inclusion, in every agreement or concession pursuant to which any person, other than the Sponsor, operates or has the right to operate any facility on the Airport providing services to the public, the foregoing covenant as an obligation assumed by that person, together with a provision granting the Sponsor the right to take such action as the Government may direct to enforce that covenant.

Non-compliance with the above assurances shall constitute a material breech, and in the event of such non-compliance the Government may take appropriate action to enforce compliance, may terminate the Grant Agreement to which this covenant relates, or seek judicial enforcement.

The covenant shall become effective upon execution of a Grant Agreement pursuant to the below identified Project Application and shall constitute part of the Grant Agreement to which it relates and shall remain in full force and effect so long as the airport covered by such agreement continues to be used and operated as a public airport.

(b) Water from city mains through existing pipes, for which Lessee shall pay at rates fixed by Lessor.

(c) Electricity from existing wiring and connections if and so long as Lessor shall generate or distribute electric current in the building. So long as Lessor furnishes electric current, Lessee shall obtain all current used in or about the premises from Lessor and shall pay Lessor therefor at prevailing public utility rates and charges for similar service in such area as measured by meter; provided, however, that direct current demand charges may, at the election of Lessor be estimated on any reasonable basis, not provided further, that Lessor shall not be obligated to furnish alight bulb service. Lessee shall give Lessor written notice of any error of any type whatever in any statement of account for electric current within sixty days from the date of such statement. Lessee shall pay Lessor's charges for water and electricity within ten days after the billing therefor unless otherwise stated in the statements of account. Lessee's failure to pay promptly any such charge shall entitle Lessor, upon not less than five days' notice, to discontinue furnishing the service not paid for, and no such discontinuance shall be deemed an eviction or disturbance of Lessee's use of the premises or render Lessor liable to Lessee for damages or relieve Lessee from performance of Lessee's obligations hereunder. Lessee shall pay for all electricity and water used during any alterations, repairs and decorating made in the premises during the term, or made at any time in contemplation of any default by Lessee. Any such interruptions shall never be deemed an eviction or disturbance of Lessee's use and possession of the premises or any part thereof, or render Lessor liable to Lessee for damages or relieve Lessee from full performance of Lessee's obligations under this lease.

3. LESSOR'S TITLE: Nothing herein contained shall empower Lessee to do any act which can, may or shall cloud or encumber Lessor's title. Lessee's rights are and shall always be subordinate to the lien of any mortgages or mortgages now or hereafter placed upon the Building or any underlying leasehold estate and to all advances made or hereafter to be made upon the security thereof, and Lessee shall execute such further instruments subordinating this lease to the lien or liens of any such mortgage or mortgagee or to any such underlying lessor as shall be requested by Lessor. Lessor's desire, if any, of establishaily space, or of any space outside the lines of the lot or lots whereon the Building stands, conveys only Lessor's rights thereto. If, at any time during the term, any irregularity or public authority shall (a) take possession of all or any part of such space, this lease shall continue without abatement or diminution of rent; (b) require compensation for such space, Lessee will pay to Lessor amounts equal thereto during successive portions of the term hereof. This Lease does not grant any rights to light or air over property except over public streets, alleys or ways kept open by public authority.

4. RESERVED RIGHTS: Lessor reserves the following rights: (a) To change the name or street address of the building without notice or liability of Lessor to Lessee. (b) To install and maintain a sign or signs on the exterior of the building. (c) To exhibit the premises to prospective tenants, purchasers or lenders. (d) To display "For Rent" signs during the last ninety days of the term without hindrance or molestation by Lessee "For Rent" and similar signs on windows or elsewhere in or on the premises. (e) During the last ninety days of the term or any part thereof, if during or prior to that time Lessee vacates the premises, or at any time after Lessee abandons the premises, to enter and decorate, remodel, repair, alter or otherwise prepare the premises for re-occupancy. (f) To take any and all measures, including inspections, repairs, alterations, additions and improvements to the premises or to the building as may be necessary or desirable for the safety, protection or preservation of the premises or of the building or Lessor's interests, or as may be necessary or desirable in the operation of the building.

Lessor may enter upon the premises and may exercise any or all of the foregoing rights hereby reserved without being deemed guilty of an eviction or disturbance of Lessee's use or possession and without being liable in any manner to Lessee.

5. DEFAULT UNDER OTHER LEASE: If the term of one lease, made by Lessee with Lessor and the first said lease, at Lessor's sole option, (a) to terminate this lease, or (b) to add any sums due to Lessor under the other lease to the first payable under this lease. The exercise of above rights becomes effective by Lessor's notice to Lessee.

6. WAIVER OF CLAIMS: To the extent permitted by law, Lessee releases Lessor and Lessor's agents and servants from, and waives all claims for damage to person or property sustained by Lessee or any occupant of the Building or premises resulting from the Building or premises or any part of either or any equipment or appurtenance becoming out of repair, or resulting from any accident in or about the Building or resulting directly or indirectly from any act or neglect of any tenant or occupant of the Building or of any other person, including Lessor's agents and servants. This Section 6 shall apply especially, but not exclusively, to the bursting or leaking of boilers, water, steam, sprinkler, drainage or sewer pipes, refrigeration, sprinkling devices, air-conditioning apparatus, water, snow, frost, steam, excessive heat or cold, falling plaster, broken glass, sewage, gas, odors or noise, or the bursting or leaking of pipes or plumbing fixtures, and shall apply equally whether any such damage results from the act or neglect of Lessor or of other tenants, occupants or servants in the Building or of any other person, and whether such damage be caused or results from any thing or circumstance above mentioned or referred to, or any other thing or circumstance whether or not similar to any of the foregoing, or from any other cause of damage, whether to the demised premises or to the Building or any part thereof, or whether to Lessor or to other tenants in the Building, result from any act or neglect of Lessee, or of other tenants, occupants or servants of Lessee from which shall, upon demand by Lessor, reimburse Lessor forthwith for the total cost of such repairs. Lessee shall not be liable for any damage caused by its act or neglect if Lessor or a tenant has received the full amount of the damages from insurance and the insurance company has waived in writing its right of subrogation against Lessee. All property belonging to Lessee or any occupant of the premises that is in the Building or about the premises shall be there at the risk of Lessee or such other person only, and Lessor shall not be liable for damage thereto or theft or misappropriation thereof.

7. HOLDING OVER: If Lessee retains possession of the premises or any part thereof after the termination of the term by lapse of time or otherwise, Lessee shall pay Lessor rent at double the rate of rental and interest thereon, specified in section 1, for the time Lessee thus remains in possession, and in addition thereto, shall pay Lessor all damages sustained by reason of Lessee's retention of possession. If Lessee remains in possession of the premises or any part thereof after termination of the term by lapse of time or otherwise, such holding over shall, at the election of Lessor, be deemed and taken to be a tenancy from month to month at the rental herein provided, and renewal of this lease for one year. Lessor's acceptance of any rent after holding over does not renew this lease. The provisions of this section do not waive Lessor's right of reentry or any other right hereunder.

8. SUBLETTING, ASSIGNMENT, OR TRANSFER OF CONTROL: Lessee shall not allow or permit any transfer of this Lease or any interest under it or any lien upon Lessee's interest by operation of law, or assign or encumber this Lease or any interest under it, or sublet the premises or any part thereof, or permit the use or occupancy of the premises or any part thereof by any one other than Lessee. If Lessee is a corporation and if, during the term of this lease, the ownership of the shares of stock which constitute control of Lessee changes by reason of sale, gift or death, Lessor may at any time thereafter terminate this lease by giving Lessee written notice of Lessor's election so to do not less than sixty days prior to the date of termination stated in the notice. The receipt of rent after such change of control shall not affect Lessor's rights under the preceding sentence.

9. CONDITION OF THE PREMISES: Lessee has examined the premises before signing this Lease and is satisfied with the condition thereof, excepting only such alterations, improvements, repairs, decorating and cleaning, if any, which are specifically provided for herein. Lessee's taking possession of the premises shall be conclusive evidence against Lessee that the premises were in good order and satisfactory condition when Lessee took possession hereunder. No promise of Lessor to alter, remodel, improve, repair, decorate or clean the premises or any part thereof, and no representation respecting the condition of the premises or the Building, has been made by Lessor to Lessee, unless the same is contained herein or made a part hereof. At the termination of this lease by lapse of time or otherwise, Lessee shall return the premises and all equipment and fixtures therein in as good condition as when Lessee took possession, ordinary wear and tear excepted, failing which Lessor may restore the premises, equipment and fixtures to such condition and Lessee shall pay the cost thereof upon request.

10. ALTERATIONS: Lessee shall not make any alterations in or additions to the premises without Lessor's advance written consent in each and every instance. Lessee's decision to make any alterations shall be conclusive. If Lessor consents to such alterations or additions, before commencement of the work or delivery of any materials onto the premises or into the Building, Lessee shall furnish Lessor with plans and specifications, names and addresses of contractors, copies of contracts, necessary permits and indemnification in form and amount satisfactory to Lessor and waivers of lien against any and all claims, costs, damages, liabilities and expenses which may arise in connection with such alterations or additions. Whether Lessee furnishes Lessor the foregoing or not, Lessee hereby agrees to hold Lessor harmless from any and all liabilities of every kind and description which may arise out of or in any way with said alterations or additions. All additions and alterations shall be installed in a good, workmanlike manner and only new, high-grade materials shall be used. Before commencing any work in connection with alterations or additions, Lessee shall procure and deliver to Lessor certificates of insurance from all contractors performing labor or furnishing materials insuring Lessor against any and all liabilities which may arise out of or be connected in any way with said additions or alterations. Lessee shall pay the cost of all such alterations and additions and also the cost of decorating the premises occasioned by such alterations and additions. Upon completion of any alterations or additions, Lessee shall furnish Lessor with contractors' affidavits and full and final waivers of lien and receipted bills covering all labor and materials expended and used. All alterations and additions shall comply with all insurance requirements and with all ordinances and regulations of the City of Chicago or any department or agency thereof and with the requirements of all statutes and regulations of the State of Illinois or of any department or agency thereof. Lessee shall permit Lessor to supervise construction operations in connection with alterations or additions if Lessor requests to do so. All additions, hardware, non-trade fixtures and all improvements, temporary or permanent, in or upon the premises, whether placed there by Lessee or by Lessor, shall, unless Lessor requests their removal, become Lessor's property and shall remain upon the premises at the termination of this lease by lapse of time or otherwise without compensation or allowance or credit to Lessee. If, upon Lessor's request, Lessee does not remove said additions, hardware, non-trade fixtures and improvements, Lessor may do so and may charge the same to Lessee. Lessee shall pay the cost of such removal to Lessor upon demand. If Lessee does not remove Lessee's furniture, floor coverings, trade fixtures and other personal property of all kinds from the premises prior to the end of the term, Lessor shall be conclusively presumed to have conveyed the same to Lessor under this lease as a bill of sale without further payment or credit by Lessor to Lessee.

11. USE OF PREMISES: (a) Lessee shall occupy and use the premises during the term for the purpose above specified and none other, customing Lessee's customary business activity thereon during all usual days and hours for the business in the vicinity except when prevented by strikes, fire, casualty or other cause beyond Lessee's reasonable control and except during reasonable periods for the repair, cleaning and decorating the premises. In all cases, due allowance shall be made for reasonable delay which may be caused by adjustment of insurance, strikes, labor difficulties or any cause beyond Lessor's control.

14. EMINENT DOMAIN: If the building, or any portion thereof which includes a substantial part of the premises, or which prevents the operation of the building, shall be taken or condemned by any competent authority for any public use or purpose, the term of this lease shall end upon, and not before, the date when the possession of the part so taken shall be required for such use or purpose, and without apportionment of the condemnation award. Lessee shall have no right to share in such award. Current Rent shall be apportioned as of the date of such termination. If any condemnation proceeding shall be instituted in which it is sought to take or damage any part of the building, or the land under it, or if the grade of any street or alley adjacent to the building is changed by any competent authority and such change of grade makes it necessary or desirable to remodel the building to conform to the changed grade, Lessor shall have the right to cancel this lease upon not less than ninety days' notice prior to the date of cancellation designated in the notice. No money or other consideration shall be payable by Lessor to Lessee for the right of cancellation, and Lessee shall have no right to share in the condemnation award or in any judgment for damages caused by the change of grade.

15. REMEDIES: All rights and remedies of Lessor herein enumerated shall be cumulative, and none shall exclude any other right or remedy allowed by law.

(a) If any voluntary or involuntary petition or similar pleading under any section of sections of any bankruptcy act shall be filed by or against Lessee, or any voluntary or involuntary proceeding in any court or tribunal shall be instituted to declare Lessee insolvent or unable to pay Lessee's debts, and in the case of an involuntary petition or proceeding, the petition or proceeding is not dismissed within thirty days from the date it is filed, Lessor may elect, but is not required, to end with or without notice any right of Lessee in this lease, and with or without entry or other action by Lessor, to forthwith terminate this lease, and, notwithstanding any other provisions of this lease, Lessor shall forthwith upon such termination be entitled to recover damages in an amount equal to the then present value of the total Rent for the balance of the term of this lease for the residue of the stated term hereof, less the fair rental value of the premises for the residue of the stated term.

(b) If Lessee defaults in the payment of Rent and such default continues for ten days after Lessor's notice thereof to Lessee as provided in Section 16, or if Lessee defaults in the prompt and full performance of any other provision of this lease, and Lessee does not cure the default within twenty days (forthwith if the default involves a hazardous or illegal act) after written demand by Lessor that the default be cured, Lessor may, if Lessor so elects, but not otherwise, forthwith terminate this lease and Lessee's right to possession of the premises, or any part thereof, without further notice of any kind and without resort to legal process and without notice or demand whatsoever and without the benefit of appraisement, and may proceed to recover as damages for Lessee's breach under section 16 of this lease the following: (1) The worth at the time of award of the unpaid Rent which had been earned at the time of termination of this lease; (2) The worth at the time of award of the amount by which the unpaid Rent which would have been earned after termination of this lease until the time of award exceeds the amount of such rental loss that Lessee proves could have been reasonably avoided; (3) The worth at the time of award of the amount by which the unpaid Rent for the balance of the term after the time of award exceeds the amount of such rental loss that Lessee proves could have been reasonably avoided; (4) Any other amount necessary to compensate Lessor for all the detriment proximately caused by Lessee's failure to perform its obligations under this lease or which in the ordinary course of things would be likely to result therefrom, including but not limited to the cost of recovering possession, expenses of reletting, including necessary renovation and alteration of the premises, reasonable attorneys' fees, and any real estate commission actually paid; (5) At Lessor's election, such other amounts in addition to or in lieu of the foregoing as may be permitted from time to time by applicable law. Unpaid installments of Rent and other unpaid monetary obligations of Lessee under the terms of this lease shall bear interest from the date due at the rate of 7% per annum. As used in subparagraphs (1) and (2) above, the "worth at the time of award" is computed by allowing interest at the rate of 7% per annum. As used in subparagraph (3) above, the "worth at the time of award" is computed by discounting such amount at the discount rate of the Federal Reserve Bank of Chicago at the time of award plus one percent.

(c) Upon any termination of this lease, whether by lapse of time or otherwise, or upon any termination of Lessee's right to possession without terminating the lease, Lessor may, at Lessor's option, enter into the premises, remove Lessee's property and effects and any equipment or fixtures of Lessee, and take and hold possession thereof as in paragraph (a) of this Section 15 provided, without such entry and possession terminating the lease or releasing Lessee, in whole or in part, from Lessee's obligation to pay the rent hereunder for the full term, and in any such case Lessee shall pay forthwith to Lessor, if Lessor so elects, a sum equal to the entire amount of the rent reserved in Section 1 of this lease for the residue of the stated term plus any other sums then due hereunder. Upon and after entry into possession without termination of this lease, Lessor may, but need not, relet the premises or any part thereof for the account of Lessee to any person, firm or corporation other than Lessee for such rent, for such time and upon such terms as Lessor in Lessor's sole discretion shall determine. Lessor shall not be required to accept any tenant offered by Lessee or to observe any instructions given by Lessee about such reletting. In any such case, Lessor may make repairs, alterations and additions in or to the premises, and redecorate the same to the extent deemed by Lessor necessary or desirable, and Lessee shall, upon demand, pay the cost thereof, together with Lessor's expenses of the reletting. If the consideration collected by Lessor upon any such reletting for Lessee's account is not sufficient to pay monthly the full amount of the rent reserved in this lease, together with the costs of repairs, alterations, additions, redecorating and Lessor's expenses, Lessee shall pay to Lessor the amount of each monthly deficiency upon demand, and if the consideration collected from any such reletting is more than sufficient to pay the full amount of the rent reserved herein, together with the costs and expenses of Lessor, Lessor, at the end of the stated term of the lease, shall account for the surplus to Lessee.

(d) Lessor hereby confesses judgment against Lessee for the rent and for all damages of Lessor, as in the case, [illegible] incurred in enforcing Lessee's obligations hereunder or incurred by Lessor through litigation, in which Lessee confesses Lessor, without Lessee's fault, to become involved or connected.

(g) In event any lien upon Lessee's title results from any act or neglect of Lessee, and Lessee fails to remove said lien within ten days after notice by Lessor to Lessee, Lessor may remove the same in any manner that Lessor shall choose without any investigation or contest of the validity thereof, and Lessee shall pay Lessor upon request the amount paid out by Lessor in such behalf, including Lessor's costs, expenses and counsel fees.

16. NOTICES: In every instance where it shall be necessary or desirable for Lessor to serve any notice or demand upon Lessee, it shall be sufficient (a) to deliver or cause to be delivered to Lessee a written or printed copy thereof, or (b) to send a written or printed copy thereof by United States certified or registered mail, postage prepaid, addressed to Lessee at the demised premises, in which event the notice or demand shall be deemed to have been served at the time the copy is mailed, or (c) to leave a written or printed copy thereof with some person above the age of ten years in possession of the demised premises or to affix the same upon any door leading into the demised premises, in which event the notice or demand shall be deemed to have been served at the time the copy is so left or affixed. All notice shall be signed by or on behalf of Lessor.

17. MISCELLANEOUS:

(a) No receipt of money by Lessor from Lessee after the termination of this lease or after the service of any notice or after the commencement of any suit, or after final judgment for possession of the premises, shall renew, reinstate, continue or extend the term of this lease or affect any such notice, demand or suit.

(b) No waiver of any default of Lessee hereunder shall be implied from any omission by Lessor to take any action on account of such default if such default persists or is repeated, and no express waiver shall affect any default other than the default specified in the express waiver and that only for the time and to the extent therein stated. The invalidity or unenforceability of any provision hereof shall not affect or impair any other provision.

(e) Provisions not [illegible] herein or affixed hereto shall not be valid unless appearing in the duplicate original hereof held by Lessor. In event of variation or discrepancy, Lessor's duplicate shall control.

(f) Each provision of this lease shall extend to and shall, as the case may require, bind and inure to the benefit of Lessor and Lessee and their respective heirs, legal representatives and successors, and shall bind assigns in the event this lease has been assigned with the express written consent of Lessor.

(g) Submission of this instrument for examination does not constitute a reservation of or option for the premises. The instrument becomes effective as a lease upon execution and delivery both by Lessor and Lessee.

(h) The headings of sections of the lease are for convenience only and do not define, limit or construe the contents of the sections.

(i) All amounts (other than rent) owed by Lessee to Lessor hereunder shall be paid within ten days from the date Lessor renders statements of amounts therefor and shall bear interest at 7% per annum thereafter until paid.

(j) Provisions typed on the back of this lease and signed by Lessor and Lessee and all riders attached to this lease and signed by Lessor and Lessee are hereby made a part of this lease as though inserted at length in this lease.

(k) If Lessee shall occupy the premises prior to the beginning of the term of this lease with Lessor's consent, all the provisions of this lease shall be in full force and effect as soon as Lessee occupies the premises. Rent for any period prior to the beginning of the term of this lease shall be fixed by agreement between Lessor and Lessee.

Said Sewer Agreement to be substantially as follows:

AGREEMENT

This Agreement, made and entered into this.... day of ....., 196.., by and between the Village of Evergreen Park, hereinafter referred to as "Evergreen Park", and the City of Chicago, hereinafter referred to as "Chicago",

WITNESSETH:

Whereas, Evergreen Park, being a municipal corporation organized and existing under the laws of the State of Illinois and having among its purposes the ownership, maintenance and operation of local sewerage systems; and

Whereas, Chicago is a municipal corporation organized and existing under the laws of the State of Illinois, having among its purposes the ownership, maintenance and operation of local sewerage systems; and

Whereas, parts of Evergreen Park and the surrounding area are without adequate storm sewerage, and portions of the existing storm sewerage systems are overloaded and cause neighborhood inconvenience; and

Whereas, the territorial limits of Evergreen Park are contiguous with the territorial limits of Chicago; and

Whereas, Chicago desires to construct an 8-foot diameter sewer in W. 105th Street from S. Pulaski Road to S. Homan Avenue, which could be increased in size to accommodate Evergreen Park drainage by making it 9 feet in diameter and extending it 8 feet in diameter in W. 105th Street from S. Homan Avenue to S. Spaulding Avenue and then continuing north to W. 103rd Street and naming it the W. 105th Street-S. Spaulding Avenue Branch of the Pulaski Road Sewer System; and

Whereas, the construction of the W. 105th Street-S. Spaulding Avenue Branch of the Pulaski Road Sewer System would give considerable relief to the storm sewerage system within Evergreen Park as well as improving drainage within the surrounding areas of Chicago; and

Whereas, the parties are desirous of entering into an agreement whereby Chicago will design and supervise the construction of the W. 105th Street-S. Spaulding Avenue Branch of the Pulaski Road Sewer System with the cost of revising existing utilities and construction to be prorated between Chicago and Evergreen Park;

Now, Therefore, in consideration of the mutual covenants and agreements to be kept and performed by the respective parties hereto, it is agreed as follows:

That the above described sewer shall be constructed and supervised during construction by Chicago, and Chicago, or its contractor, shall have complete charge and full supervision of the work.

2. *General Description of the Work*

This sewer project includes the construction of approximately 3,960 feet of 9-ft. diameter and 1,980 feet of 8-ft. diameter monolithic concrete sewer constructed in open cut or tunnel; concrete sewer connections and junction structures; manholes; surface restoration; and all appurtenant and collateral work which is necessary to complete all of the required work.

3. *Plans and Specifications*

Plans, specifications, contractor's proposal, and other contract documents for the sewer project shall be prepared by Chicago or such engineering firm as it might designate and shall be subject to the approval of Evergreen Park.

4. *Cost Determination*

The cost items shall be set forth in such a manner so that the total cost of the complete sewer can be determined and separated from the total cost for all the work being performed by Chicago. The basis of the construction cost participation by Evergreen Park shall be the ratio of the estimated flow quantity in cubic feet per second originating in Evergreen Park to the total design flow quantity in cubic feet per second. The value of this ratio shall be determined by the method shown on Exhibit "A" which is attached hereto and made a part hereof. Total cost to Evergreen Park for said sewer project shall be determined in the manner and on the basis of multiplying said factor by the final project costs including the cost of revising existing utilities. Chicago shall participate by paying for the remainder of the project costs as well as all of the cost of design and supervision of construction. Evergreen Park payments for this project shall be received by Chicago in the offices of the Commissioner of Public Works, Room 406, City Hall, Chicago, Illinois 60602.

5. *Awarding of Contract*

The contract for said sewer project shall be awarded by Chicago after it has been determined that the low bid is satisfactory and acceptable to both Evergreen Park and Chicago.

6. *Inspection and Approval*

All work in connection with said sewer project, at all times during construction and after completion, shall be subject to the inspection and approval of Engineers representing Evergreen Park. All work shall be performed in accordance with standards satisfactory to Evergreen Park. Chicago shall provide inspection and field supervision during construction of the sewer, which shall be included as part of the cost agreed upon.

7. *Sewer Ownership and Use*

Upon completion and final inspection and approval by Evergreen Park, all right, title and interest shall be vested in Chicago. However, Evergreen Park will have the right to connect their sewerage to this project at an outlet to be provided at W. 103rd Street and S. Spaulding Avenue. This outlet will be subject to the following limitations; the maximum cross-sectional area of the Evergreen Park outfall shall be 50 ft.^{2}; the maximum Evergreen Park discharge shall be 237 cfs; and during dry weather periods no sanitary flow shall be permitted to enter the sewer constructed in this project.

8. *Examination of Records*

Evergreen Park reserves the right to inspect and examine all invoices, contractor's affidavits, waivers of lien and all other records and documents in connection with the payment for materials, labor, equipment and all other fees, costs and expenses incurred in connection with the construction of said sewer.

9. *Method of Payment*

$150,000.00 (One hundred fifty thousand and no/100 dollars) cash at the time that work begins on the project mentioned in this agreement, and the balance in cash within four (4) years in equal amounts per year so that the complete payment will be made within four (4) years from the time the project is actually started.

10. *Surcharge*

Chicago cannot and does not assume any responsibility for preventing surcharge of this sewerage system nor does it assume the responsibility for the flooding of land, homes or any other structure caused by a surcharge.

11. *Time*

In the event construction of the sewer project does not begin within four (4) years from the date of this agreement, then, at the option of either party, this agreement shall be declared null and void and both parties shall be released from any obligation hereunder.

(6) The Commission shall pay to the City all charges for water furnished hereunder to supply consumers located outside the corporate limits of the Commission, when due, at the rate of fifty per cent higher than the metered rate per 1,000 cubic feet of water fixed by the ordinance of the City of Chicago, now in force and effect, or which may hereafter be amended for water furnished through meters in like large quantities to consumers within the corporate limits of the City.

(7) The Commission shall be entitled to the same discount or benefit allowed to metered consumers of the City, as provided by the ordinance of the City, now in force and effect or which may hereafter be amended if the Commission pays its water bills within the time prescribed by ordinances.

(8) The City reserves the right at any time during the term of this contract, to classify water consumers and to fix rates for each class of consumers; also to fix rates for water furnished to the Commission and other municipalities and persons or other water users, for consumption outside the corporate limits of the City, higher than the rates fixed for water furnished to consumers of the same class for consumption within the corporate limits of the City, subject to such limitations as are then applicable by law.

Period of Contract

(9) This contract shall be in force and continue in effect for a period not longer than ten (10) years from the date hereof, unless sooner terminated as herein provided.

(11) The properly authorized officers, agents and representatives of the City, shall at all times have free access to the meter or meters and all other facilities herein provided for, for the purpose of shutting off the water for failure to pay the water rates or charges in this agreement provided to be paid by the Commission, and for the purpose of reading the registrations of said meter or meters, and to examine, shut off and test the same to ascertain whether or not they are in good condition and repair, and to make such repairs upon the same as may be necessary, the expense of any and all necessary repairs to be borne by the Commission.

(12) If at any time the said meter or meters shall fail to register correctly the quantity of water furnished and taken hereunder, or shall fail to register the flow of water through said meter or meters, the unregistered, under-registered or over-registered amount of water furnished and taken shall be determined by taking an average of the twelve (12) preceding readings of such meter or meters, exclusive of deficient or excessive readings. Where said meter or meters have been installed for a period of less than one (1) year or where less than twelve (12) competent readings exist, such average or estimate may be based upon a lesser number than twelve (12) readings taken preceding or subsequent to such incorrect or stopped registrations. In both instances, the Commissioner of Water and Sewers of th City shall determine which are excessive or which are deficient readings, and shall also determine the number of months upon which such estimate is to be based.

The failure, neglect or refusal on the part of the Commission to make promptly and properly such changes in its piping, to maintain tightness, or to eliminate undesirable connections upon notice in writing so to do from said Commissioner of Water and Sewers, shall furnish sufficient ground for the City to shut off the water and discontinue the service hereunder until changes and corrections in said piping or connections required by the City are made by the Commission.

(17) The Commission agrees to prevent excessive use and waste of water.

(18) The Commission agrees to appropriate annually sufficient money or so much thereof, as may be necessary, to provide sufficient funds for the payment of the water furnished by the City hereunder. (20) In order to safeguard its water supply received hereunder and the City's water supply, the Commission hereby agrees to maintain a safe water supply throughout its system, and to provide, maintain and operate at all times during the period of this contract, chlorinating equipment or other equally effective health protecting process equipment of such kind and capacity that a proper chlorine residual or similarly effective result may be carried throughout its water supply system. All proposed water works improvements which must be approved by the Commissioner of Water and Sewers, shall be disinfected in accordance with the requirements of the Department of Water and Sewers of the City, said water works improvements shall not be placed into service until approved as to sanitary quality.

(21) The City may adopt any protective or health measures it deems advisable or desirable for the benefits of its water consumers, such as the fluoridation of its water, in any manner that the Commissioner of Water and Sewers of the City shall see fit.

(24) The Commission agrees to use City water exclusively during the period of this contract.

(25) The Commission further agrees not to sell, lease or give any interest in or right or privilege to utilize its water supply main or mains to any other municipality or any consumer of water whose premises are located outside the territorial limits of the Commission, and further agrees not to permit any connection to be made to its water supply main or mains, except to supply consumers within the territorial limits of the Commission, without first securing the consent in writing of the City Council of the City so to do.

(26) At the end of each calendar year during the term of this contract and not later than January 31st of each year, the Commission agrees to submit to the Commissioner of Water and Sewers of the City a report in writing showing in cubic feet or gallons the amount of water furnished the

Commission and the amount in quantity and charges billed by it to consumers during the preceding year, and to furnish such other information regarding billing, collections and delinquencies as may be requested from time to time by said Commissioner of Water and Sewers.

(28) To secure the prompt payment of the water bills, the City shall have the right at any time to require the Commission to pay in advance a sum of money estimated by the Commissioner of Water and Sewers of the City to be equal to the cost of water required by the Commission for a period of ninety (90) days, at the then prevailing metered rate which said advance payment the Commission hereby agrees to make upon demand.

(29) The City shall not be responsible in damages for any failure to supply water or for interruption of the supply. (32) If the Commission shall refuse, neglect or fail to pay promptly the water bills rendered for the water supplied it hereunder within the time or times prescribed by the ordinances of the City, or if the Commission shall fail to comply with or perform any of the conditions or obligations on its part to be complied with or to be performed hereunder, and if after such failure the City shall deliver at Commission's premises P. O. Box 477, Midlothian, Illinois, addressed to the Chairman of the Midlothian-Markham Water Commission, a notice in writing of its intention to shut off the supply of water on account of such failure, refusal or neglect then the City shall have the right to shut off the supply at the expiration of five (5) days after the giving of such notice and to terminate this contract unless within such five (5) days the Commission shall make good such failure. The shutting off of the supply of water for any such cause shall not release the Commission from its obligation to make payments of any amount or amounts due or to become due in accordance with the terms hereof.

(33) No assignment or transfer of this agreement shall be made by the Commission.

(34) The Commission hereby waives any defenses it may have by virtue of any governmental function it exercises in any action brought at law or equity under the terms of this contract.

(35) No officer, official or agent of the City has the power to amend, modify or alter this agreement or waive any of its conditions or to bind the City by making any promise or representation not contained herein.

(36) This agreement is subject to cancellation by the City of Chicago in the event the Supreme Court of the United States of America, or any other court of competent jurisdiction decrees that the City of Chicago has no right to contract for, sell, disperse, distribute or limit the amount of water the City may use for domestic pumpage or otherwise places a burden on the City in connection with the withdrawal of water from Lake Michigan, or otherwise dispose of water from Lake Michigan to any municipality or user residing outside the limits of the City of Chicago.

SECTION 2. This ordinance shall be effective from and after the date of its passage.

Ordinance Repealed for Water-Supply Contract with Midlothian-Markham Water Commission.

The Committee on Finance submitted a report recommending that the City Council pass the following proposed ordinance transmitted therewith:

WHEREAS, The Midlothian-Markham Water Commission, a public body created jointly by the Villages of Midlothian and Markham, Municipal Cor-

porations of Cook County, Illinois, located within the Metropolitan Sanitary District of Greater Chicago, made application on January 7th, 1963, to the corporate authorities of the City of Chicago for a contract to provide for a supply of water and a water service connection to the City's water main in S. Pulaski Road at W. 115th Street (city limits) and had requested the City of Chicago to make certain extensions in its water mains to furnish the water supply; and

WHEREAS, The City Council did on the 1st day of July, 1963 duly pass a certain ordinance authorizing the entering into of a contract between the City of Chicago and the Midlothian-Markham Water Commission for a supply of water and the construction and installation by the City of Chicago of a 36-inch water main within the city limits in S. Pulaski Road from W. 111th Street to W. 115th Street upon advancement and payment into the City Treasury by the Midlothian-Markham Water Commission the sum of $169,000.00 upon condition that said sum be repaid to the Midlothian-Markham Water Commission, without interest, in amounts not to exceed twenty-five per cent (25%) of the net amount of the City's monthly water bills rendered for water supplied to said Midlothian-Markham Water Commission at S. Pulaski Road and W. 115th Street; and

WHEREAS, The Village of Robbins has not been able to supply the total amount of water required by the Village of Midlothian, the Village of Midlothian petitioned the Circuit Court to dissolve the thirty year agreement between the Villages of Robbins and Midlothian that gave the Village of Robbins exclusive water supply rights; and

WHEREAS, Circuit Court approval was given to the Village of Midlothian to dissolve the thirty year water agreement between the Villages of Robbins and Midlothian and the higher Courts had refused to review the lower Court decisions, the Midlothian-Markham Water Commission is desirous to have the City of Chicago repeal the ordinance passed by the City Council of the City of Chicago on July 1st, 1963, providing for water supply to consumers of the Commission and enter into a revised contract with the City of Chicago for a supply of water from a connection to the City's water mains in S. OFFICE OF THE MAYOR
CITY OF CHICAGO

November 15, 1968.

To the Honorable, The City Council of the City of Chicago:

GENTLEMEN—At the request of the Commissioner of Streets and Sanitation, I am transmitting herewith a proposed ordinance which will increase the fee imposed for towing of impounded vehicles from ten to twenty dollars for passenger vehicles and from twenty to thirty dollars for trucks and commercial vehicles.

The inadequacy of the current fee schedule is indicated by reason of the $600,000 deficit involved in maintaining this important activity. The suggested fees would eliminate the deficit and bring the rates charged for the activity more in line with those charged in other major cities for similar services.

Your favorable consideration of this matter will be greatly appreciated.

Very truly yours,
(Signed) RICHARD J. DALEY,
Mayor.

Congratulations and Best Wishes Extended Dr. Edward H. Levi upon Installation as President of University of Chicago.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council presented the following proposed resolution:

WHEREAS, The University of Chicago has installed Edward H. Levi as its eighth president; and

WHEREAS, Edward Levi has for many years been widely recognized as an extraordinary man in legal scholarship and in educational administration; and

WHEREAS, The University of Chicago, an institution unexcelled in quality of its faculty, its libraries, its laboratories, and its student body, could only be led by a man of Edward Levi's superlative talents; and

WHEREAS, In an age of doubt, when dark irrationality threatens the values and hopes of our civilization, the selection of those who tend the lamps must be a matter of concern for all of us; and

WHEREAS, Edward Levi represents a commitment to excellence, to disciplined intelligence, to imaginative leadership, to moral purpose and to intellectual integrity; now, therefore,

Be It Resolved, That the Mayor and City Council of the City of Chicago in meeting assembled this 15th day of November, 1968, do hereby express their pleasure and pride in the elevation of Edward H. Levi, their confidence in the future of his university, and their best wishes for the great adventure now before him; and

Be It Further Resolved, That this resolution be incorporated in the Permanent Record of the Proceedings of the City Council, and that a copy thereof be presented to Edward H. Levi.

Alderman Despres moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon said proposed resolution. The motion *Prevailed.*

On motion of Alderman Despres (seconded by Alderman Simon) said proposed resolution was *Adopted,* unanimously.

"Get Well" Wishes Extended to Gale Sayers of Chicago Bears.

Honorable Richard J. Daley, Mayor, on behalf of

himself and the other members of the City Council presented the following proposed resolution:

WHEREAS, Bear Fans, Chicagoans and sports enthusiasts the world over were saddened and dismayed by the recent knee injury to Gale Sayers, brilliant running back of the Chicago bears Professional Football Club; and

WHEREAS, Gale Sayers is acclaimed as the most exciting ball carrier in modern professional football and has now for four years dumbfounded the opponents, electrified the fans and brought great glory to his team and to his city with his daring moves, uncanny reflexes and breathtaking speed; and

WHEREAS, Gale Sayer has been an inspiration to the youth of our city by reason of his athletic prowess, sportsmanship and exemplary conduct both on and off the field. Gale was an active participant in the city's summer Reach-Out program, giving generously of his time to coaching the youth of our city in the fine points of a game in which he is recognized Master. His activity and participation in this regard did much to attract young people to the program and provided for them a model which they might aim to emulate; now, therefore,

Be It Resolved, That we, the City Council of the City of Chicago, do extend to Gale Sayers our regret at the injury which has deprived us of his particular brand of excitement for the time being and convey to him our best wishes for a quick and complete recovery; and

Be It Further Resolved, That we express our confidence in his speedy return to past brilliance and his continued attack on football record books.

Alderman Frost moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon said proposed resolution. The motion *Prevailed.*

On motion of Alderman Frost (seconded by Aldermen Keane, Kerwin, Bohling, Harvey, Rosenberg, Metcalfe, Cousins and Janousek) said proposed resolution was *Adopted,* unanimously.

Court Decisions.

Also communications from the Law Department addressed to the City Council, signed by Howard C. Goldman, RocLyne E. LaPorte and Henry N. Novoselsky, Assistants Corporation Counsel and Marvin E. Aspen, Head of Appeals and Review Division, transmitting the following decisions, which were *Placed on File:*

City of Chicago v. Thomas, Appellate Court of Illinois No. 51599. The Appellate Court of Illinois on November 7, 1968 reversed the judgment of the Circuit Court of Cook County which had ordered the release of Mr. Thomas who was imprisoned for failure to pay a fine. Mr. Thomas was found guilty in Housing Court in violation of the Building Code and fined $2,000.00; when he failed to pay the fine he was committed to the House of Correction to work out the fine at the rate of $5.00 a day for a period not to exceed six months. Thereupon Thomas filed a petition under the provisions of the Insolvent Debtor's Act seeking release from incarceration. The trial court decided that the act was applicable because the $2,000.00 assessment was a money judgment and not a fine; the City appealed. The Appellate Court held that the $2,000.00 was clearly a fine and not a money judgment and re-

versed the order which released Thomas from imprisonment;

City of Chicago v. Jo Ann Williams, Illinois Appellate Court No. M 52281-2. The Illinois Appellate Court on October 14, 1968 affirmed the judgments of the Circuit Court of Cook County, First Municipal District, which had found the defendant Jo Ann Williams guilty of the offenses of disorderly conduct and resisting arrest. The defendant was arrested for disorderly conduct and resisting arrest when she created a public disturbance and interfered with the arrest of three juveniles. During the arrest, on trying to pull away from the officers she injured her mouth on the car door. On appeal she contended she did not receive a fair trial and was not proven guilty beyond a reasonable doubt. The Appellate Court affirmed the judgments finding that the defendant was proven guilty by a clear preponderance of the evidence. Defendant also alleged that the prosecutor had made a secret remark to the jury. The Appellate Court found no reversible error and stated that the record failed to show that the remark, if made, was effectively communicated to the jury and for other reasons had found no prejudicial error;

City of Chicago v. Lowell J. Myers. The Appellate Court of Illinois, First District on October 1, 1968 reversed the conviction of the defendant for a traffic violation for an illegal left turn. The Appellate Court held that since the City had failed to offer evidence in rebuttal of the defendant's testimony which raised an issue as to the validity of the traffic signs, it was error for the trial court to determine that the traffic signs were official under the meaning of the Code;

St. James Temple v. Board of Appeals, et. al., Appellate Court of Illinois No. 52220. The Appellate Court of Illinois on October 15, 1968 filed an opinion affirming the judgment of the Circuit Court of Cook County which had affirmed the denial of a "special use" by the Board of Appeals of the City. The plaintiff church purchased property at No. 856 W. 76th Street and used the ground floor store as a church, the upper floor remained living quarters; the property was located in a B4-2 Restricted Service District. Although the church was, in fact, established and in operation, it was not a permitted use under the provisions of the ordinance. Thereafter an application to permit a church on the premises was filed with the Zoning Administrator of Chicago and denied. The church then applied for a "special use" permit from the Zoning Board of Appeals pursuant to ordinance provisions in a B4-2 area; this application was likewise denied and the denial was affirmed by the Circuit Court on administrative review. The Appellate Court found that the decision of the Board of Appeals was amply supported by the evidence and that the church had failed to establish that it was entitled to a "special use" as required by the zoning ordinance;

Marco Legones v. License Appeal Commission of the City of Chicago, Richard J. Daley, Local Liquor Control Commissioner of the City of Chicago, et al., Illinois Appellate Court Nos. 52192-52193. The Appellate Court of Illinois on October 21, 1968 rendered the opinions in the foregoing causes affirming the judgments of the Circuit Court of Cook County which had affirmed the revocation orders entered by the Local Liquor Control Commission. The local liquor licenses for two separate locations were involved, the revocation of the first license concerned the location on Sheridan Road was predicated on a number of findings including; the assault of a patron by an employee, serving a minor and serving an intoxicated person; the second license for premises located at N. Clifton Avenue was revoked upon a number of charges, two of which were sustained by the License Appeal Commission of Chicago. The first of these two findings that one patron assaulted another with a beer bottle, however, neither the licensee or his employees were directly or indirectly involved with the assault; the second finding upon which the Appellate Court based its opinion held that plaintiff not to be a proper person to possess liquor license due to the revocation of his license for the Sheridan Road premises. The Appelate Court affirmed the revocation of the license for the Sheridan Road premises upon the basis that the revocation order was not against the manifest weight of the evidence. The Court in passing upon the revocation of the license of the Clifton Avenue premises was presented with a case of first impression. After first noting that the retail sale of alcoholic beverages is an enterprise fraught with danger to the public welfare and for this reason the Local Commissioner is invested with wide discretion to determine "cause" for revocation, that the findings of revocation of plaintiff's license for the N. Sheridan Road, provided "cause" for the decision of the Local Commissioner to revoke plaintiffs liquor license for the premises on Clifton Avenue. The Court found that this revocation was neither arbitrary or a clear abuse of discretion.

(b) If the Lessee defaults in the payment of rent, and the Lessee does not cure the default within ten days after demand for payment of such rent, or if the Lessee defaults in the prompt and full performance of any other provision of this lease, and the Lessee does not cure the default within twenty days (or within if the default involves a hazardous condition) after written demand by the Lessor that the default be cured unless the default involves a hazardous condition, which shall be cured forthwith upon the Lessor's demand, or if the leasehold interest of the Lessee be levied upon under execution or be attached by process of law, or if the Lessee makes an assignment for the benefit of creditors or if a receiver be appointed for any property of the Lessee, or if the Lessee abandons the premises, then and in any such event the Lessor may, if the Lessor so elects but not otherwise, and with or without notice of such election and with or without any demand whatsoever, either forthwith terminate this lease and the Lessee's right to possession of the premises or, without terminating this lease, forthwith terminate the Lessee's right to possession of the premises.
(c) Upon any termination of this lease, whether by lapse of time or otherwise, or upon any termination of the Lessee's right to possession without termination of the lease, the Lessee shall surrender possession and vacate the premises immediately, and deliver possession thereof to the Lessor, and hereby grants to the Lessor full and free license to enter into and upon the premises in such event with or without process of law and to repossess the Lessor of the premises as of the Lessor's former estate and to expel or remove the Lessee and any others who may be occupying or within the premises and to remove any and all property therefrom, using such force as may be necessary, without being deemed in any manner guilty of trespass, eviction or forcible entry or detainer, and without relinquishing the Lessor's right to rent or any other right given to the Lessor hereunder or by operation of law.
(d) If the Lessee abandons the premises or otherwise entitles the Lessor so to elect, and the Lessor elects to terminate the Lessee's right to possession only, without terminating the lease, the Lessor may, at the Lessor's option enter into the premises, remove the Lessee's signs and other evidences of tenancy, and take and hold possession thereof as in Paragraph (c) of this Section 15 provided, without such entry and possession terminating the lease or releasing the Lessee, in whole or in part, from the Lessee's obligation to pay the rent hereunder for the full term, and in any such case the Lessee shall pay forthwith to the Lessor, if the Lessor so elects, a sum equal to the entire amount of the rent specified in Section 1 of this lease for the residue of the stated term plus any other sums then unpaid hereunder. Upon and after entry into possession without termination of the lease, the Lessor may, but need not, relet the premises or any part thereof for the account of the Lessee to any person, firm or corporation other than the Lessee for such rent, for such time and upon such terms as the Lessor in the Lessor's sole discretion shall determine, and the Lessor shall not be required to accept any tenant offered by the Lessee or to observe any instructions given by the Lessee about such releting. In any such case, the Lessor may make repairs, alterations and additions in or to the premises, and redecorate the same to the extent deemed by the Lessor necessary or desirable, and the Lessee shall, upon demand, pay the cost thereof, together with the Lessor's expenses of releting. If the rents collected by the Lessor upon any releting are not sufficient to pay monthly the full amount of the rent reserved in this lease, together with the costs of repairs, alterations, additions, redecorating and the Lessor's expenses of releting, the Lessee shall pay to the Lessor the amount of each monthly deficiency upon demand; and if the consideration so collected from any such releting is more than sufficient to pay the full amount of the rent reserved herein, together with the costs of repairs, alterations, additions, redecorating and the Lessor's expenses of releting, the Lessee shall have no right to any such excess, and the Lessor may retain the same.
(e) The Lessee hereby constitutes and irrevocably appoints any attorney of any court to be the true and lawful attorney of the Lessee, and, in the Lessee, place and stead of the Lessee, to appear for and on behalf of the Lessee in any and all cases of record at any time in any suit or suits brought against the Lessee for the enforcement of any right hereunder by the Lessor, to waive the issuance and service of process and trial by jury, and, from time to time, to confess judgment or judgments in favor of the Lessor against the Lessee for any rent and interest thereon due hereunder by the Lessee to the Lessor and for costs of suit and for a reasonable attorney's fee in favor of the Lessor to be fixed by the court, and to release all errors that may occur or intervene in such proceedings, including the issuance of execution upon any such judgment or judgments, to stipulate for a stay of execution and to consent to the immediate issuance of execution upon any such judgment or judgments, and to consent that execution on any judgment or decree in favor of the Lessor and against the Lessee may issue forthwith.
(f) Any and all property which may be removed from the premises by the Lessor pursuant to the authority of the lease or of law, to which the Lessee is or may be entitled, may be handled, removed or stored by the Lessor at the risk, cost and expense of the Lessee, and the Lessor shall in no event be responsible for the value, preservation or safekeeping thereof. The Lessee shall pay to the Lessor, upon demand, any and all expenses incurred in such removal and all storage charges against such property so long as the same shall be in the Lessor's possession or under the Lessor's control. Any such property of the Lessee not removed from the premises or retaken from storage by the Lessee within thirty days after the end of the term, however terminated, shall be presumed to have been conveyed by the Lessee to the Lessor under this lease as a bill of sale without further payment or credit by the Lessor to the Lessee.
(g) The Lessee shall pay upon demand all the Lessor's costs, charges and expenses, including the fees of counsel, agents and others retained by the Lessor, incurred in enforcing the Lessee's obligations hereunder or incurred by the Lessor in any litigation, negotiation or transaction in which the Lessee causes the Lessor, without the Lessor's fault, to become involved or concerned.
16. Subordination of Lease: The rights of the Lessee under this lease shall be and are subject and subordinate at all times to the lien of any mortgage or mortgages now or hereafter in force against the Building or the underlying leasehold estate, if any, and to all advances made or hereafter to be made upon the security thereof, and the Lessee shall execute such further instruments subordinating this lease to the lien or liens of any such mortgage as shall be requested by the Lessor.
17. Notices: In every instance where it shall be necessary or desirable for the Lessor to serve any notice or demand upon the Lessee, it shall be sufficient (a) to deliver or cause to be delivered to the Lessee a written or printed copy thereof, or (b) to send a written or printed copy thereof by United States registered or certified mail, postage prepaid, addressed to the Lessee at the demised premises, in which event the notice or demand shall be deemed to have been served at the time the copy is so mailed, or (c) to leave a written or printed copy thereof with some person above the age of ten years in possession of the demised premises or to affix the same upon any door leading into the demised premises, in which event the notice or demand shall be deemed to have been served at the time the copy is so left or affixed. All notices or demands shall be signed by or on behalf of the Lessor.
18. Miscellaneous: (a) No waiver of any default by the Lessor from the Lessee after the termination of this lease or after the service of any notice or after the commencement of any suit, or after final judgment for possession of the premises shall lower, reinstate, continue or extend the term of this lease or affect any such notice, demand or suit.
(b) No waiver of any default of the Lessee hereunder shall be implied from any omission by the Lessor to take any action on account of such default if such default persists or be repeated, and no express waiver shall affect any default other than the default specified in the express waiver and then only for the time and to the extent therein stated. The invalidity or unenforceability of any provision hereof shall not affect or impair any other provision.
(c) The terms "Lessor" and "Lessee" whenever used in this lease shall be construed to mean Lessors or Lessees in all cases where there is more than one Lessor or Lessee, and the necessary grammatical changes required to make the provisions hereof apply either to corporations or individuals, men or women, shall in all cases be assumed as though in each case fully expressed.

Such termination shall become effective and conclusive by notice of the Lessor to the Lessee not less than ninety days prior to the date fixed for termination. No money or other consideration shall be payable by the Lessor to the Lessee for this right and the right hereby reserved to the Lessor shall not be affected by any waiver, assignment, lease, transferee and grant thereof, as the case may be and is in addition to all other rights of the Lessor.
(f) Provisions hereof herein or affixed hereto shall not be valid unless appearing in the duplicate original hereof held by the Lessor. In event of variation or discrepancy, the Lessor's duplicate shall control.
(g) Each provision hereof shall extend to and shall, as the case may require, bind and inure to the benefit of the Lessor and the Lessee and their respective heirs, legal representatives and successors, and assigns in the event this lease has been assigned with the express, written consent of the Lessor.
(h) The headings of sections are for convenience only and do not limit or construe the contents of the sections.
(i) Submission of this instrument for examination does not constitute a reservation of or option for the premises. The instrument becomes effective as a lease upon execution and delivery by both Lessor and Lessee.
(j) All amounts (other than rent) owed by the Lessee to the Lessor hereunder shall be paid within ten days from the date the Lessor renders statement of amounts therefor and shall bear interest at the rate of 7% per annum thereafter until paid.
(k) Provisions typed on the back of this lease and signed by the Lessor and the Lessee and all riders attached to this lease and signed by the Lessor and the Lessee are hereby made a part of this lease as though inserted at length in this lease.
(l) If the Lessee shall occupy the premises prior to the beginning of the term of this lease with the Lessor's consent, all the provisions of this lease shall be in full force and effect as soon as the Lessee occupies the premises. Section 3. It is expressly agreed that Railroad hereby reserves for itself, its lessees, successors and assigns, the right at all times to use and enjoy all of its property for any and all purposes; provided, however, that such use shall not substantially interfere with, reduce or curtail in any way the aforesaid grant of easement.

Section 4. Railroad agrees to submit plans to City of any building or structure to be constructed by Railroad on its right-of-way above the easements described herein.

Section 5. Preliminary and final detailed plans, field surveys, estimates of cost, specifications and other necessary parts of contract documents for the construction of the proposed structures shall be prepared by City at its sole expense. All such plans, specifications, special provisions and construction procedures that may affect the operation of Railroad's trains and other facilities shall be subject to approval by Railroad. Expense to Railroad for reviewing contract documents shall be reimbursed to them as provided for in Section 9 of this agreement.

Section 6. After approval of the final plans and contract documents by Railroad, no changes shall be made by either party hereto without the consent in writing of the other party hereto.

Section 7. City agrees to construct and complete at no expense to Railroad and in accordance with said contract documents therefor, the structure under and alongside Railroad's tracks in the easement described herein and the extensions to Railroad's platforms including canopies and lighting. All construction work affecting the property and operations of Railroad shall be awarded by City to competent contractors experience in such work and have adequate equipment, organization and finances to accomplish the work safely and expeditiously. City shall operate and maintain the structures which it builds under the provisions of this agreement except the extensions to Railroad's platforms and canopies which shall be maintained by Railroad.

Section 8. After the award of any contract or contracts contemplated by this Agreement and before the work is started, a conference shall be held among, City, Railroad and the contractors at a time and place to be designated by City for the purpose of coordinating the work to be performed. At said meeting a tentative schedule of operations shall be adopted and measures agreed upon to meet Railroad's requirements for the protection of its clearances, operations and general safety. City shall require its contractors to make full compliance with the work schedules and regulations established by Railroad. If necessary, additional conferences shall be held as the work progresses.

Section 9. City shall assume and bear the cost of all protective measures which Railroad may deem necessary to safeguard its employees, tracks, trains and other property or facilities which shall be adopted and agreed upon at the conference hereinabove provided for or as seen fit to protect Railroad's operations made necessary by construction methods employed by the contractors and also the cost of any temporary tracks and facilities that Railroad may deem necessary to maintain its operations. City shall reimburse Railroad for additional maintenance expense which Railroad may incur for stabilization of its tracks within a period of one year after removal of temporary falsework.

Prior to initiation of any work by Railroad, Railroad shall submit to City a detailed estimate of the reimbursable costs to be incurred by it in the performance of this Agreement, which estimate shall be used solely for the purpose of billing in the manner hereinafter provided and shall not be deemed a maximum or agreed total cost. This estimate shall be broken down into major items of work, and shall show in reasonable detail the amount of labor applicable to the various items of work, material quantities and unit prices, charges for equipment, and appropriate percentage additions or allowances as authorized by this Agreement. Such estimate shall be subject to approval by City.

Thereafter, during the progress of the work, Railroad shall be reimbursed within 30 days following receipt of bills on the basis of the current percentage of physical completion attained for each such work item, including materials furnished to the job site, as certified pursuant to the following paragraph, which payment shall be applied to the approved total estimated cost of such work. Partial payments shall be made on this basis until each item of work has advanced to approximately 90% of physical completion, at which time reimbursement on a percentage basis will be discontinued. Thereafter, upon completion of each such work item, Railroad shall submit a final statement of costs and make suitable records available to City, and City shall, within 90 days after receipt of said final bill, reimburse Railroad for the balance of the amounts due it.

Prior to commencement of work, Railroad and City shall each designate an authorized representative or representatives who shall determine and agree upon the estimated percentage of physical completion attained for each such item of work, from time to time, and such repersentatives shall execute certificates specifying such percentage of physical completion which shall be attached to Railroad's periodic bills.

The classifications of labor performed by Railroad employees shall be Railroad's then existing classifications and the basic rates of pay computed therefor shall be Railroad's prevailing rates, including retroactive wage increases, if any, and all other items included in the total labor expense. Charges for material used and credits for salvage recovered shall be in accordance with accepted current practices of Railroad in joint facility billing against other rail carriers, under rules issued by the General Managers' Association of Chicago, as currently revised, provided that rental rates for equipment not embraced in such schedule shall be Railroad's established rates for rental of such equipment. In the event any work is contracted by Railroad, City shall reimburse Railroad for the cost

thereof in accordance with the said rules of the General Managers' Association of Chicago.

Section 10. Railroad shall have the right to perform at City expense, and without any prior notice thereof being given to City, any work it deems to be of an emergency nature and necessary to permit normal operations by Railroad during the construction of the passageway and platform connections.

Section 11. City agrees to direct its contractor (or contractors) that the safety and continuity of operations of Railroad's traffic shall be of first importance and shall at all times be protected and safeguarded. City shall require its contractor (or contractors) with regard to any and all necessary falsework, bracing, forms and other temporary obstruction, to provide a minimum horizontal clearance of fifteen feet (15′) from the center line of the nearest track in operation and to conduct his or their operations upon Railroad's right-of-way in full compliance with the rules, regulations and requirements of Railroad.

City shall require its contractor (or contractors) to give written notice to Railroad in care of Chief Engineer, 400 W. Madison Street, Chicago, Illinois, at least 72 hours in advance of the time the contractors intends to start any work on Railroad's right-of-way.

In the event that Railroad's Chief Engineer deems any of the work or operations of City or City's contractors hazardous to Railroad's operations, City shall suspend or cause its contractor (or contractors) to suspend such work until remedial measures, satisfactory to Railroad's Chief Engineer or his duly authorized representative, are taken.

Work or operations shall not be resumed until such approval, which shall not be unreasonably withheld or delayed, has been obtained. The approval of the Railroad's Chief Engineer shall not be considered as a release from responsibility or liability for any damage which Railroad may suffer, or for which it may be held liable by the acts of the contractor or those of his subcontractors or his or their employees.

Railroad shall have the right at all times to have a reasonable force of inspectors at the site of the work to be performed under this Agreement. The cost of providing such inspection shall be reimbursed to Railroad as provided in Section 10 of this Agreement.

Section 12. A. Before the commencement of any work under this Agreement, City shall require its contractors to procure insurance of the following kinds and amounts and to carry such insurance until completion and acceptance by City of the work:

1. Public Liability Insurance including Automobile Liability Insurance, in an amount not less than $500,000 for injuries including wrongful death, to any one person, and subject to that limit for each person, a total amount of not less than $1,000,000 on account of any one accident or occurrences; and
2. Property Damage Insurance in an amount of not less than $500,000 for all damages arising out of injury to or destruction of property in any one accident or occurrence, and, subject to that limit for any one accident, a total amount of $1,000,000 for all damages arising out of injury to, or destruction of, property during each year of the policy period.
3. Workmen's Compensation Insurance as required by law and Employers' Liability Insurance in the amount of $100,000 per occurrence.

The above mentioned policies for Public Liability and Property Damage Insurance shall be written so as to include Contingent Liability and Contingent Property Damage Insurance to protect the contractor against claims arising from the operations of subcontractors. Any change in the insurance provided in accordance with this Article shall not be made until Railroad has received ten (10) days' written notice thereof.

Certified copies of all insurance policies required under this Article shall be furnished to Railroad.

B. Before beginning construction of said passageway and connections, Railroad shall obtain insurance written by an insurance carrier or carriers satisfactory to Railroad and City, and keep the same in force and effect until completion of all work to be performed under this Agreement, which will protect Railroad from and against:

1. All loss of and damage to any property whatsoever, including property of the parties hereto and of all other persons whomsoever and the loss of or interference with any use or service thereof;
2. All loss and damage on account of injury to or death of any person whomsoever, including employees and patrons of the parties hereto and all other persons whomsoever;
3. All claims and liability for such loss and damage and cost and expense thereof caused by, growing out of, or in any way related to or connected with the construction of the structures or the performance of any of the acts or things provided for herein, whether or not caused by the negligence of Railroad. Such insurance shall provide coverage limits in an amount of not less than $25,000,000 in any one Occurrence or loss. Railroad hereby waives all claims against City arising out of any tort to the extent that Railroad is reimbursed by the proceeds from such policies. A certified copy of such policy or policies shall be delivered to City before commencement of the work.

City shall reimburse Railroad in full for cost of insurance upon receipt of invoice therefor.

Section 13. City shall require its Contractor (or Contractors) to carry a Performance and Payment Bond in the full amount of the contract price, in a responsible bonding company, guaranteeing the satisfactory completion of his work; and the payment in full of all sums of money due for any labor, materials, apparatus, fixtures or machinery, and transportation with respect thereto.

Section 14. City hereby reserves the right to transfer its obligations to maintain and operate the structures (with the exception of the platform extensions and canopies which shall be maintained and operated by Railroad) to be constructed under the provisions of this Agreement to the Chicago Transit Authority. Such maintenance and operation shall be required to be in strict compliance with the prevailing rules and regulations of Railroad to insure complete protection and safety of their properties and operations.

Section 15. In the event said structures shall be abandoned, the easement herein provided for shall immediately cease and terminate and City shall thereupon, at its own expense, if requested in writing by Railroad so to do, remove or cause to be removed said structures and appurtenant facilities from the property of Railroad.

Section 16. This Agreement shall not be binding upon the parties hereto until the Illinois Commerce Commission has entered an order approving the same and authorizing the work herein described to be done under the terms herein set forth.

Section 17. The City, for itself and its assigns, agrees to indemnify and hold harmless Railroad from and against any and all liability, loss, damages, claims, demands, costs and expenses thereto which may result from injuries to or death of any person whomsoever, or from loss of or damage to any property whatsoever, when such injury, death, loss or damage is due to the existence, maintenance, repair, renewal, removal, modification, operation or use of said structures maintained and operated by City.

Section 18. This Agreement shall inure to the benefit of, and be binding upon the successors or assigns of the parties hereto.

In Witness Whereof, the parties hereto have caused this Agreement to be executed by their proper officers thereunto duly authorized.

Dan Ryan Rapid Transit Agreement
City of Chicago
Chicago, Rock Island and Pacific Railroad Company
Pennsylvania New York Central Transportation Company

This Agreement, made and entered into this first day of May, 1968, by and between the City of Chicago, a municipal corporation of Illinois, hereinafter called "City"; and the Chicago, Rock Island and Pacific Railroad Company, a Delaware corporation, and Pennsylvania New York Central Transportation Company, a Pennsylvania corporation, hereinafter jointly called "Railroads":

WITNESSETH:

Whereas, City has by ordinance passed by the City Council on April 23, 1945, granted to the Chicago Transit Authority the exclusive right and authority to establish, construct, reconstruct, maintain and operate the transit system for the local transportation of passengers within the City; and

Whereas, the City Council by ordinance on June 23, 1967, authorized the extension of the existing transit system by construction of the Dan Ryan Rapid Transit Facility between W. 98th Street and a connection with the South Side elevated line in the vicinity of E. 16th Street in the City of Chicago; and

Whereas, Railroads now operate on retained fill between W. 19th Street and W. 18th Street in Section 21, Township 39 North, Range 14 East of the Third Principal Meridian, in the City of Chicago, Cook County, Illinois; and

Whereas, in the interest of the public safety, convenience and necessity, the parties hereto propose to separate the grades at the intersection of the Dan Ryan Rapid Transit Facility and the tracks and right of way of Railroads by constructing an elevated structure to support the rapid transit tracks; and

Whereas, this project is not considered as a benefit to Railroads and no contribution by Railroads shall be required; and

Whereas, City desires to acquire an aerial easement over the property of the Railroads as hereinafter described;

Now, Therefore, in consideration of the premises and of the mutual promises hereinafter contained, the parties hereto agree as follows:

Partial payments shall be made on this basis until each item of work has advanced to approximately 90% of physical completion, at which time reimbursement on a percentgae basis will be discontinued. Thereafter, upon completion of each such work item, Railroads shall submit a final statement of costs and make suitable records available to City, and City shall within 90 days after receipt of said final bill reimburse Railroads for the balance of the amounts due it.

Prior to the commencement of the work Railroads and City shall each designate an authorized representative or representatives who shall determine and agree upon the estimated percentage of physical completion attained for each such item of work, from time to time, and such representatives shall execute certificates specifying such percentage of physical completion which shall be attached to Railroads' periodic bills.

The classifications of labor performed by Railroads employees shall be Railroads' then existing classification and the basic rates of pay computed therefor shall be Railroads' prevailing rates, including retroactive wage increases, if any. Charges for material used and credits for salvage recovered shall be in accordance with accepted current practices of Railroads in joint facility billing against other rail carriers, under rules issued by the General Managers' Association of Chicago as currently revised. Percentages for overhead allowable to Railroads, as a part of its costs and expenses, and allowances for salvage and for rental rates shall be computed in accordance with pertinent rules issued by the General Managers' Association of Chicago, as currently revised, provided that rental rates for equipment not embraced in such schedule shall be Railroads' established rates for rental of such equipment. In the event any work is contracted by Railroads, City shall reimburse Railroads for the cost thereof in accordance with the said rules of the General Managers' Association of Chicago.

Section 7. Railroads shall have the right to perform at City expense and without any prior notice thereof being given to City, any work it deems to be of an emergency nature and necessary to permit normal operations by Railroads during the construction of the elevated structure.

Section 8. Railroads agree to make, at the sole cost and expense of City, such changes in its communications' lines and signal towers as may be necessitated by the construction of this project as shown on Exhibit "A".

Section 9. City agrees to direct its contractor (or contractors) that the safety and continuity of operations of Railroads' traffic shall be of first importance and shall at all times be protected and safeguarded. City shall require its contractor (or contractors) as regards any and all necessary

City shall require its contractor (or contractors) to give written notice to Railroads in care of Chief Engineers of Railroads (office of Rock Island Lines), La Salle Street Station, Chicago, Illinois, at least 72 hours in advance of the time the contractor intends to start any work on Railroads' right of way.

In the event that Railroad's Chief Engineers shall deem any of the work or operations of City or City's contractors hazardous to Railroads' operations, City shall suspend or cause its contractor (or contractors) to suspend such work until remedial measures, satisfactory to Railroads' Chief Engineers or their duly authorized representative, are taken.

Work or operations shall not be resumed until such approval, which shall not be unreasonably withheld or delayed, has been obtained. The approval of the Railroads' Chief Engineers shall not be considered as a release from responsibility or liability for any damage which Railroads may suffer, or for which they may be held liable by the acts of the contractor or those of his sub-contractors or his or their employees.

Railroads shall have the right at all times to have a reasonable force of inspectors at the site of the work to be performed under this Agreement. The cost of providing such inspection shall be reimbursed to Railroads as provided in Section 6 of this Agreement.

Certified copies of all insurance policies required under this Article shall be furnished Railroads.

Before beginning construction of said elevated structure, Railroads shall purchase at City's expense, Railroad Protective Liability Insurance, and keep the same in force and effect until completion of all work including any force account work by Railroads to be performed under this Agreement, which will protect Railroads from and against:

1. All loss of and damage to any property whatsoever, including property of the parties hereto and of all other persons whomsoever and the loss of or interference with any use or service thereof;
2. All loss and damage on account of injury to or death of any person whomsoever, including employees and patrons of the parties hereto and all other persons whomsoever;

All claims and liability for such loss and damage and cost and expense thereof caused by, growing out of, or in any way related to or connected with the construction of the elevated structure, or the performance of any of the acts or things provided for herein, whether or not caused by the negligence of Railroads. Such insurance shall provide coverage limits in an amount of not less than $5,000,000 in any one occurrence or loss. Railroads hereby waive all claims against City arising out of any tort to the extent that Railroads are reimbursed by the proceeds from such policies. The original or certified copy of such policy or policies shall be delivered to Railroads before commencement of the work.

Any change in the insurance afforded the Railroads under this provision shall not be made until the Railroads have received ten (10) days' written notice thereof.

Section 11. City hereby reserves the right to transfer its obligations to maintain and operate the structure to be constructed under the provision of this Agreement to the Chicago Transit Authority. Such maintenance and operation shall be required to be in strict compliance with the prevailing rules and regulations of Railroads to insure complete protection and safety of their properties and operations.

Section 13. In the event said elevated structure shall be abandoned, the easement herein provided for shall immediately cease and terminate and City shall thereupon, at its own expense, if requested in writing by Railroads so to do, remove or cause to be removed said elevated structure and appurtenant facilities from the property of Railroads.

Section 14. This Agreement shall not be binding upon the parties hereto until the Illinois Commerce Commission has entered an order, approving the same and authorizing the work herein described to be done under the terms herein set forth.

(25) At the end of each calendar year during the term of this contract and not later than March 31st of each year, the Village agrees to submit to the Commissioner of Water and Sewers of the City, a report in writing showing in cubic feet or gallons the amount of water furnished the Village and the amount in quantity and charges billed by it to consumers during the preceding year and to furnish such other information regarding billing, collections and delinquencies as may be requested from time to time by said Commissioner of Water and Sewers.

(26) At the end of each billing period, but at least quarterly, the Village agrees to submit to the Commissioner of Water and Sewers of the City a complete list of all water consumers of the Village located or residing outside its corporate limits, showing name, location, character of occupancy, amount of water in cubic feet or gallons furnished, charges billed and payment to the City of Chicago at the higher rate.

(27) To secure prompt payment of the water bills, the City shall have the right at any time to require the Village to pay in advance a sum of money estimated by the Commissioner of Water and Sewers of the City to be equal to the cost of water required by the Village for a period of ninety (90) days at the then prevailing metered rate, which said advance payment the Village hereby agrees to make upon demand.

(28) The City shall not be responsible in damages for any failure to supply water or for interruption of the water furnished hereunder. The Village agrees to save and keep harmless the City from all damage to real and personal property occasioned or caused by the making of the water connection or connections herein referred to or caused by the furnishing of water hereunder, and shall also keep and save harmless the City from all damage of any kind, nature, and description which may arise as the result of the making of this agreement.

(29) The City reserves the right to its Commissioner of Water and Sewers to decide all questions arising as to the proper performance of this contract.

(30) In furtherance and not in limitation of this contract, it is mutually agreed that all rights of the City and the Village under the water supply contract No. 17181 dated September 22nd, 1954 by and between the City of Chicago and the Village of Stickney which expired September 22nd, 1964 and all rights of either party arising from the delivery of water prior to the date of the execution of this agreement are extinguished, except for the express reservation of the right of the City to obtain payment for, or to enforce collection of any unpaid charges accruing prior to the date of execution of this agreement.

(31) If the Village shall refuse, neglect or fail to pay promptly the water bills rendered for the water supplied it hereunder within the time or times prescribed by the ordinances of the City, or if the Village shall fail to comply with or perform any of the conditions or obligations on its part to be complied with or to be performed hereunder, and if after such failure the City shall deliver at the Village Hall of the Village of Stickney addressed to the President and Board of Trustees of the Village a notice in writing of its intention to shut off the supply of water on account of such failure, refusal or neglect, then the City shall have the right to shut off the supply at the expiration of five (5) days after giving of such notice, and to terminate this contract unless within such five (5) days the Village shall make good such failure. The shutting off of the supply of water for any such cause shall not release the Village from its obligation to make payments of any amount or amounts due or to become due in accordance with the terms hereof.

(32) No assignment or transfer of this agreement shall be made by the Village.

(33) The Village hereby waives any defenses it may have by virtue of any governmental function it exercises in any action brought at law or equity under the terms of this contract.

(34) No officer, official or agent of the City has the power to amend, modify or alter this agreement or waive any of its conditions or to bind the City by making any promise or representation not contained herein.

(35) This agreement is subject to cancellation by the City of Chicago in the event the Supreme Court of the United States of America or any other court of competent jurisdiction decrees that the City has no right to contract for, sell, disperse, distribute or limits the amount of water the City may use for domestic pumpage or otherwise places a burden on the City in connection with withdrawal of water from Lake Michigan, or otherwise dispose of water from Lake Michigan to any municipality or user residing outside of the limits of the City of Chicago.

(36) The authority of the officials of the City to execute this agreement is evidenced by the authority of the City Council of the City of Chicago given on the ..... day of ..... A.D., ..., and published in the Journal of Proceedings of the City Council for said date on pages ..... thereof.

(37) The authority of the officials of the Village of Stickney, Illinois to execute this agreement is evidenced by the resolution passed by the President and Board of Trustees of the Village of Stickney, Illinois, at a regular meeting of said President and Board of Trustees duly held on the ..... day of ..... At the east end of the beautiful Midway Plaisance, dominating a mile of splendid parkway and commanding a view of the western skies, is a magnificent monument commemorating Czechoslovakian freedom and Czechoslovakia's founder and first president, Thomas Masaryk. It is by the great sculptor, Albin Polasek.

Although the heroic statue itself is in excellent condition, through neglect the approaches to the monument, the steps around it, and even the pedestal have been permitted to fall into a disrepair which does discredit to Chicago and all the causes which the monument is intended to honor. The monument is under the jurisdiction of the Department of Public Works; now, therefore,

Be It Resolved by the City Council of Chicago, That the Commissioner of Public Works is directed to take all steps necessary to put the monument, its pedestal, steps, and approaches in excellent condition, and either obtain foundation or other funds promptly, or promptly recommend such rearrangement or amendment of his departmental budget as may be necessary to complete the work without delay.

Alderman Janousek moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon said proposed resolution. The motion *Prevailed.*

On motion of Alderman Janousek said proposed resolution was *Adopted.*

MISCELLANEOUS COMMUNICATIONS, REPORTS, ETC. REQUIRING COUNCIL ACTION (TRANSMITTED TO CITY COUNCIL BY CITY CLERK).

The City Clerk transmitted communications, reports, etc., relating to the respective subjects listed below, which were acted upon by the City Council in each case in the manner noted, as follows:

Court Decision.

A communication from the Department of Law signed by Edmund Hatfield, Assistant Corporation Counsel and Marvin E. Aspen, Head of the Appeals and Review Division, addressed to the City Council under date of November 21, 1968, advising the Council as to an opinion of the Appellate Court, First District, which was ordered *Placed on File,* as follows:

The Illinois Appellate Court, First District on November 7, 1968, filed an opinion in a cause entitled *People ex rel. Food Empire, Inc., Petitioner-Appellee, vs. City of Chicago, John C. Marcin, City Clerk, O. W. Wilson, Superintendent of Police, and William T. Prendergast, City Collector, Respondents-Appellants, Illinois Appellate Court, First District No. 52214,* reversing the issuance of a man-

damus ordering the issuance of food purveyor's licenses to Food Empire, Inc., No. 3660 S. Indiana Avenue, Chicago, Illinois. Licenses had been refused to it by the Mayor primarily on the ground that the applicant was merely a subterfuge for Rugendorf Bros., Inc., whose licenses at the same address had been revoked April 25, 1966, on the recommendation of the Health Department. Anthony Sipich, the active officer of the applicant had been an employee of the Rugendorfs for three years prior to revocation of licenses; Leo Rugendorf, the dominanat figure in Rugendorf Bros., is a well known police character and was listed in the "1967 Report of the Chicago Crime Commission" as one of "a group of persons who deserved to be identified with the syndicate". In 1966 Leo Rugendorf was convicted of violation of the bankruptcy laws and interstate transportation of stolen motor vehicles and was sentenced to five years in the Federal penitentiary. In addition to the foregoing, there was also abundant evidence of continuing Health and Building Code violations while the premises were under the nominal aegis of the applicant Food Empire, Inc., and the latter did not file a brief or even appear in the Appellate Court.

Section 24. *Copeland Act.*—The Applicant shall comply with the provisions of the Copeland Act (Anti-Kickback), 48 Stat. 1948, as amended, and the applicable rules and regulations issued by the Secretary of Labor thereunder which are incorporated herein by reference. The Applicant shall cause to be inserted in each contract or subcontract subject to the Copeland Act the specific provisions required by the above regulations.

Section 25. *Accident Prevention.* — The Applicant shall require of its contractors that precaution shall be exercised at all times for the protection of persons (including employees) and property, and that hazardous conditions be guarded against or eliminated.

Section 26. *Supervision and Inspection.* — The Applicant shall provide and maintain on its own behalf competent and adequate architectural or engineering services covering the supervision and inspection of the development and construction of the Project.

Section 27. *Equal Employment Opportunity.*—The Applicant hereby agrees to incorporate or cause to be incorporated into any contract for construction work or modification thereof, paid for in whole or in part with funds obtained from the Federal Government or borrowed on the credit of the Federal Government pursuant to a grant, contract, loan, insurance or guarantee, or undertaken pursuant to any Federal program involving such grant, contract, loan, insurance or guarantee, the following equal opportunity clause:

"During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, creed, color, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, creed, color, or national origin. Such action shall include, but not limited to, the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, creed, color, or national origin.

(3) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the labor union or workers' representative of the contractor's commitments under Section 202 of Executive Order No. 11246 of September 24, 1965, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(4) The contractor will comply with all pro-

visions of Executive Order No. 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(5) The contractor will furnish all information and reports required by Executive Order No. 11246 of September 24, 1965, and by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the Department of Housing and Urban Development and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(6) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of such rules, regulations, or orders, this contract may be cancelled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or Federally-assisted construction contracts, in accordance with procedures authorized in Executive Order No. 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order No. 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(7) The contractor will include the provisions of paragraphs (1) through (7) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Section 204 of Executive Order No. 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the Department of Housing and Urban Development may direct as a means of enforcing such provisions, including sanctions for noncompliance; *Provided, however,* That in the event the contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the Department of Housing and Urban Development, the contractor may request the United States to enter into such litigation to protect the interests of the United States."

The Applicant further agrees that it will be bound by the above equal opportunity clause in any Federally-assisted construction work which it performs itself other than through the permanent work force directly employed by an agency of government.

The Applicant agrees that it will cooperate actively with the Department of Housing and Urban Development and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations and relevant orders of the Secretary of Labor, that it will furnish the Department of Housing and Urban Development and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the Department of Housing and Urban Development in the discharge of the Department's primary responsibility for securing compliance. The Applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and Federally-assisted construction contracts pursuant to Part II, Subpart D, of Executive Order 11246 and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the Department of Housing and Urban Development or the Secretary of Labor pursuant to Part II, Subpart D, of Executive Order 11246. In addition, the Applicant agrees that if it fails or refuses to comply with these undertakings, the Department of Housing and Urban Development may cancel, terminate or suspend in whole or in part this grant, may refrain from extending any further assistance to the Applicant under the program with respect to which the failure or refusal occurred until satisfactory assurance of future compliance has been received from such Applicant, or may refer the case to the Department of Justice for appropriate legal proceedings.

Section 28. *Civil Rights Act of 1964.*—The Applicant covenants and agrees that it will comply with Title VI of the Civil Rights Act of 1964 (P.L. 88-352), and with the rules and regulations (24 CFR, Subtitle A, Part 1) of the Department of Housing and Urban Development issued pursuant thereto.

Section 29. *Payments to Contractors.*—Not later than the fifteenth day of each calendar month the Applicant shall make a partial payment to each construction contractor on the basis of a duly certified and approved estimate of the work performed during the preceding calendar month by the particular contractor, but shall retain until final completion and acceptance of all work covered by the particular contract a reasonable amount, specified in the contract, sufficient to insure the proper performance of the contract.

Section 30. *Inspection of Work and Records; Maintenance of Records.*—The Applicant shall require of its contractors that the Government's authorized representatives be permitted, and it will itself permit them to inspect all work, materials, payrolls, records of personnel, invoices of materials and other relevant data and records appertaining to the development of the Project. The Applicant shall maintain proper and accurate financial records, books and accounts pertaining to the grant and the development of the Project that will readily disclose (1) relocation costs, (2) eligible Project costs, and (3) other Project costs, and shall permit the Government's authorized representatives to examine such books, records, and accounts. The Applicant agrees to maintain all of the aforesaid data, records and invoices in one place for at least a period of three years following completion of construction of the Project.

Section 31. *Signs.*—The Applicant shall cause to be erected at the site of the Project, and maintained during construction, signs satisfactory to the Government identifying the Project and indicating the fact that the Government is participating in the development of the Project.

Section 32. *Audit.*—The Applicant shall contract at its own expense for an audit of the Project by an independent certified or licensed public accountant; a copy of the contract shall be furnished to the Government; and three copies of the audit report in substance satisfactory to the Government shall be furnished promptly to the Government.

Section 33. *Government Field Expense.* — The Government will bill the Applicant for payment of the fee specified in the Grant Agreement to cover inspection costs and payment will be due from the

first funds deposited in the Construction Account by the Applicant to pay its share of the Project Cost. In the event of termination of the Grant Agreement, the Applicant shall be entitled to a refund of all or a proportionate part of the fee. The refund shall be in such an amount as the Government determines to be equitable under the circumstances.

Section 34. *Operation of Project*—The Applicant covenants that it will operate and maintain the project or provide for the operation and maintenance thereof, to serve the objects and purposes for which the grant has been made available under the Federal law and the terms of the Agreement.

Section 35. *Interest of Third Parties.* — The Agreement is not for the benefit of third parties, including the holders from time to time of any of the bonds issued to finance a portion of the Project, and the Government shall be under no obligation to any such parties, whether or not indirectly interested in said Agreement, to pay any charges or expenses incident to compliance by the Applicant with any of its duties or obligations thereunder.

Section 36. *Interest of Members of or Delegates to Congress.*—No member of or delegate to the Congress of the United States shall be admitted to any share or part of this Agreement or to any benefit arising therefrom.

Section 37. *Bonus or Commission.*—By execution of the Agreement, the Applicant represents that it has not paid and, also, agrees not to pay, any bonus, commission or fee for the purpose of obtaining an approval of its application for the grant hereunder.

Section 38. *State or Territorial Law.*—Anything in the Agreement to the contrary notwithstanding, nothing in the Agreement shall require the Applicant to observe or enforce compliance with any provision thereof, perform any other act or do any other thing in contravention of any applicable State or territorial law; Provided, That if any of the provisions of the Agreement violate any applicable State or territorial law, or if compliance with the provisions of the Agreement would require the Applicant to violate any applicable State or territorial law, the Applicant will at once notify the Government in writing in order that appropriate changes and modifications may be made by the Government and the Applicant to the end that the Applicant may proceed as soon as possible with the construction of the project.

SECTION 3. This ordinance shall be effective from and after the date of its passage.

By unanimous consent, the Regular Order of Business was temporarily suspended to present the winner's trophy to the Mendel High School Football Team, winners of the 1968 Chicago High School Football championship contest, and the runner-up trophy to Chicago Vocational High School Football Team, winners of the Public High School League.

Andreotti, Athletic Director, Rich Wyatt, John Farrell and Bob Jones, who shared the captaincy of their team, were called to the rostrum to accept the winner's trophy and a check with which to purchase equipment for their athletic programs.

Father Crawford, in his remarks, explained that Lou Guida, Coach, was unable to be present due to illness. He thanked the Mayor and the assembled Aldermen, for their support and the Mayor in particular for his interest and assistance to all young people in the attainment of their goals. Captain Wyatt also thanked the Mayor for the handsome trophy on behalf of himself and the other members of the team.

Thereupon, Honorable Richard J. Daley, Mayor, called to the rostrum the winners of the public high school football league, Chicago Vocational High School, led by Joseph Sirchio, Principal, Bernie O'Brien, Head Football Coach and co-captains, Bruce Scholtens and Steve Adams. Also communications from the Law Department addressed to the City Council, signed by Marsile J. Hughes, Henry N. Novoselsky and Howard C. Goldman, Assistants Corporation Counsel and Marvin E. Aspen, Head of Appeals and Review Division, transmitting the following decisions, which were *Placed on File:*

The City of Chicago v. Industrial Commission, Illinois Supreme Court No. 40817. Joseph DeFrancisco v. Industrial Commission and the City of Chicago, Illinois Supreme Court No. 40941. The Supreme Court of Illinois on November 21, 1968 filed an opinion in the above entitled cause affirming the judgment of the Circuit Court of Cook County. Both the City and the Claimant DeFrancisco, a City employee appealed from the award of the Industrial Commission which awarded him 64 weeks of temporary disability, 40% loss of his right arm and $44.10 for medical services. The Supreme Court held that the Industrial Commission had sufficient evidence upon which to predicate its award and that, therefor, the award was not contrary to the weight of the evidence; the Court further held that DeFrancisco was not entitled to a larger sum and that the award should not be disturbed;

Doris L. Gans, et al. v. City of Chicago, Illinois Appellate Court No. 52488. The Illinois Appellate Court on November 26, 1968 rendered an opinion in the above entitled cause reversing a judgment of the Circuit Court of Cook County which had held the Chicago Zoning Ordinance unconstitutional as applied to the plaintiff's property and granted plaintiffs the right to construct a gasoline service station thereon. The subject property, located at the northeast corner of E. 95th Street and S. Michigan Avenue, is zoned B1-1, Local Retail District. The requested use would require a B4-1, Restricted Service classification; with few exceptions, the adjoining area had been developed with single and two family residences. The Courts opinion reviewed the evidence with considerable detail and concluded that ". . . plaintiffs', evidence falls short of constituting the clear and convincing evidence necessary to rebut the presumption of validity attaching to the Zoning Ordinance or of proving that the ordinances are arbitrary and unreasonable as applied to the subject property";

August Goeller and Helene A. Goeller, his wife, Plaintiffs-Appellees v. City of Chicago, Defendant-Appellant. Appellate Court No. 52117. The Appellate Court on December 2, 1968 filed an opinion in the above entitled cause reversing the judgment of the Circuit Court. The City of Chicago appealed from a declaratory judgment entered in the Circuit Court of Cook County, which held the Zoning Ordinance was confiscatory as applied to plaintiffs' property and declared the plaintiffs could build a building containing five dwelling units and five parking spaces on said subject property. The plaintiffs purchased the vacant property at the northeast corner of W. Addison Street and N. Oketo Avenue with the knowledge that it was in an area zoned for B4-1 Restricted Service District. Thereafter, the plaintiffs were granted a special use and a variation by which they could build a building

with one apartment on the ground floor in lieu of a store or offices and two apartments above (a total of three apartments although the lot area lacked approximately 450 square feet of the amount required for three apartments). The plaintiffs then initiated the action for the construction of five apartments. In reversing the trial court, the Appellate Court held that in zoning the area B4-1 the municipal authorities intended to maintain the same density as the surrounding R2 Single Family Residence District which encompassed the subject property and, that therefore, the zoning was reasonably related to the public good and the presumption of the validity of the ordinance was not overcome under the facts and circumstances.

Claims against City of Chicago.

Also claims against the City of Chicago, which were *Referred to the Committee on Finance,* filed by the following:

Allstate Insurance and Charles Harrison, Allan Ashman, Stanley S. Brandt, Mary Cook, Anna Davis, Cedric F. It is hereby agreed that the Commissioner of Water and Sewers of the City and his authorized representatives shall have access to and the right to adjust and control valves and meters in order to limit the flow of water as herein provided and for the purpose of meeting any and all emergencies and necessitous requirements.

(21) The Village agrees to comply with any and all sanitary regulations of the City and the present and future rules, regulations and instructions of the Department of Water and Sewers of the City applicable to cross-connections and dual water supplies as are in force in the Chicago Water System. The failure, neglect or refusal on the part of the Village to make promptly and properly such changes in its piping, to maintain tightness or to eliminate undesirable connections upon notice in writing so to do from said Commissioner of Water and Sewers, shall furnish sufficient grounds for the City to shut off the water and discontinue the service hereunder until changes and corrections in said piping or connections required by the City are made by the Village.

(22) The Village agrees to prevent excessive use and waste of water.

(23) The Village agrees to appropriate annually sufficient money or so much thereof, as may be necessary, to provide sufficient funds for the payment of the water furnished by the City hereunder. The Village further agrees that it will at all times charge its water consumers sufficient rates in order to provide adequate funds for the payment of water furnished it by the City.

(24) It is further agreed that the City may either in law or equity, by suit, mandamus or other proceedings, enforce or compel performance of any and all covenants herein contained.

(25) In order to safeguard its water supply received hereunder and the water supply of City and Commission, the Village hereby agrees to maintain a safe water supply throughout its system, and to provide, maintain and operate at all times during the period of this contract, chlorinating equipment or other equally effective health protecting process equipment of such kind and capacity that a proper chlorine residual or similarly effective result may be carried throughout its water supply system. All proposed water works improvements, which must be approved by the Commissioner of Water and Sewers of the City, shall be disinfected in accordance with the requirements of the Department of Water and Sewers of the City; said water works improvements shall not be placed into service until approved as to sanitary quality by the certifying agency.

(26) The City may adopt any protective or health measures it deems advisable or desirable for the benefit of its water consumers, such as the fluoridation of its water, in any manner, that the Commissioner of Water and Sewers of the City shall see fit.

(27) The Village agrees to notify the Commissioner of Water and Sewers of the City as promptly as possible of all emergency and other conditions which may directly or indirectly affect the quality of the water received hereunder and the water supply of the City and Commission and further agrees that the duly authorized Engineers and Inspectors of the City shall be allowed to make inspections and required tests of the quality of the water supply as received hereunder, as well as the quality of the water within the Village's distribution system.

(28) The Village agrees not to resell or permit any water furnished hereunder to be used to supply any other municipality or any consumer of water located or residing outside the territorial limits of the Village except if and when it should be specifically authorized so to do by the City Council of the City.

(29) The Village further agrees not to sell, lease or give any interest in or right or privilege to utilize its water supply main or mains to any other municipality or any consumer of water whose premises are located outside the territorial limits of the Village, and further agrees not to permit any connection to be made to its water supply main or mains, except to supply consumers within the territorial limits of the Village without first securing the consent in writing of the City Council of the City so to do.

(30) At the end of each calendar year during the term of this contract and not later than March 31st of each year, the Village agrees to submit to the Commissioner of Water and Sewers of the City, a report in writing showing in cubic feet or gallons the amount of water furnished the Village and the amount in quantity and charges billed by it to consumers during the preceding year and to furnish such other information regarding billing, collections and delinquencies as may be requested from time to time by said Commissioner of Water and Sewers.

(31) At the end of each billing period, but at least quarterly, the Village agrees to submit to the Commissioner of Water and Sewers of the City a complete list of all water consumers of the Village located or residing outside its corporate limits, showing name, location, character of occupancy, amount of water in cubic feet or gallons furnished, charges billed and payment to the City of Chicago at the higher rate.

(32) To secure prompt payment of the water bills, the City shall have the right at any time to require the Village to pay in advance a sum of money estimated by the Commissioner of Water and Sewers of the City to be equal to the cost of water required by the Village for a period of ninety (90) days at the then prevailing metered rate, which said advance payment the Village hereby agrees to make upon demand.

(33) The City shall not be responsible in damages for any failure to supply water or for interruption of the water furnished hereunder. The Village agrees to save and keep harmless the City from all damage to real and personal property occasioned or caused by the making of the water connection or connections herein referred to or caused by the furnishing of water hereunder, and shall also keep and save harmless the City from all damage of any kind, nature, and description which may arise as the result of the making of this agreement.

(34) The City reserves the right to its Commissioner of Water and Sewers to decide all questions arising as to the proper performance of this contract.

(35) In furtherance and not in limitation of this contract, it is mutually agreed that all rights of the City, the Village and Commission under the water supply contract No. 20284 dated December 13th, 1958, which expired November 7th, 1966, and all rights of either party arising from the delivery of water prior to date of the execution of this agreement are extinguished, except for the express reservation of the right of the City to obtain payment for, or to enforce collection of any unpaid charges accruing prior to the date of execution of this agreement.

(36) If the Village shall refuse, neglect or fail to pay promptly the water bills rendered by the City for the water supplied hereunder within the time or times prescribed by the ordinances of the City, or if the Village or Commission shall fail to comply with or perform any of the conditions or obligations on their part to be complied with or performed, and City shall deliver at the Village Hall at Lyons, Illinois, addressed to the President and Board of Trustees of the Village,

or in case of the failure, refusal or neglect of Commission, to the Chairman of the Brookfield-North Riverside Water Commission, at No. 8636 Brookfield Avenue, Brookfield, Illinois, a notice in writing of its intention to shut off the water supply on account of such failure, refusal or neglect, then the City shall have the right to shut off the supply at the expiration of five (5) days after the giving of such notice, and to terminate this contract unless within such five (5) days the Village or Commission, as the case may be, shall make good such failure. The shutting off of the supply of water for any cause, shall not release the Village from its obligations to make payments of any amounts due in accordance with the terms hereof.

(37) No assignment or transfer of this agreement shall be made by the Village or Commission.

(38) The Village hereby waives any defenses it may have by virtue of any governmental function it exercises in any action brought at law or equity under the terms of this contract.

(39) No officer, official or agent of the City has the power to amend, modify or alter this agreement or waive any of its conditions or to bind the City by making any promise or representation not contained herein.

(40) This agreement is subject to cancellation by the City of Chicago in the event the Supreme Court of the United States of America or any other court of competent jurisdiction decrees that the City has no right to contract for, sell, disperse, distribute or limits the amount of water the City may use for domestic pumpage or otherwise places a burden on the City in connection with withdrawal of water from Lake Michigan, or otherwise dispose of water from Lake Michigan to any municipality or user residing outside of the limits of the City of Chicago.

However, the charges of any part of such transcript ordered or paid for previous to the writing of the original record shall be twenty-five cents per page.

The Board shall not be required to certify any record or file any answer or otherwise appear in any proceeding for judicial review unless the party filing the complaint deposits the sum of ninety-five cents per page representing costs of such certification. Failure on the part of the plaintiff to make such deposits shall be grounds for dismissal of the action. Upon judicial review the secretary of the Board shall certify the record.
